

WEATHER FOR OHIO.
Cloudy and much colder; Saturday fair and much colder.

RAILROADS GIVE PREFERENCE TO FOOD SHIPMENTS

Eastern Roads Send Empty Cars West to Relieve Congestion

RULE TO KEEP CARS AT HOME IS SUSPENDED

Interstate Commerce Commission Also Delays Enforcing New Order

(Associated Press Telegram)
Washington, Feb. 23.—To relieve the freight congestion at Chicago, rules requiring box cars to be kept on their home lines, have been relaxed and New York Central equipment is to be used with the preference given to food supplies. This was announced today, at the interstate commerce commission.

The following announcement was issued by the commission:

"A wire received this morning from P. E. Crowley, vice president of the New York Central railroad, states that within 24 hours ending at midnight, that company had moved from Buffalo for the west, 360 empty box cars, and that yesterday, they had moved 395. It further states, that it proposes to use New York Central box cars to relieve the situation at Chicago, giving preference to food supplies."

The New York Central's action to relieve Chicago with its own box cars is interpreted as a virtual suspension, due to the emergency at Chicago, of rules recently promulgated by the American Railways association, and now in effect, which prohibit the use of empty cars off their own lines, and requires the railroads to dispatch foreign empty cars to home lines in train load lots.

Drastic orders looking to the relief of congestion, which were issued by the interstate commerce commission recently, prescribing virtually the same rules under heavy penalty, were to have gone into effect February 21, simultaneously with the association's rules, but their operation was postponed until March 15.

Other reports to the commission and to the car service commission of the association indicated today that the work of relief at other congested points, notably Cleveland, Detroit and Cincinnati, was proceeding satisfactorily. Weather conditions favored the work, reports said, and not only were many empty cars being sent west but the congestion of loaded cars also was being steadily reduced.

GRAIN DELIVERY SHORT.

(Associated Press Telegram)
New York, Feb. 23.—The American Railway association today sent to Washington statistics prepared to prove that the deliveries of grain at New York, Boston, Philadelphia and Baltimore since the beginning of the German submarine blockade have been regulated to meet the reduced export facilities at those ports. These figures show that from February 1 to February 14, only 8,000,000 bushels were delivered to vessels at the four ports, compared with a delivery of 29,000,000 bushels throughout January and 58,000,000 throughout December.

OHIO RAILROADS TO ASK INCREASE IN PASSENGER FARES

(Associated Press Telegram)
Columbus, Feb. 23.—Twenty-five railroad officials of Ohio, including general passenger agents for practically all lines, at a meeting here today decided to wage another campaign for an increase in passenger fare, before the legislature now in session.

W. H. Fisher, chairman of the executive committee of the railroads, announced, following the conference, that beginning next Monday, every railroad would have a representative in Columbus for active work, in seeking an amendment to the present two cent fare law, increasing it to 2 1/2 cents.

"The railroads need help, now more than ever before," said Mr. Fisher. "This is indicated," he said, "by their inability to handle freight traffic." The increase in passenger fares, Fisher said, could enable roads to buy more equipment to relieve the freight congestion.

BLOODHOUNDS FIND SUSPECTS IN POSSE BOTH DENY GUILT

(Associated Press Telegram)
Lonoke, Ark., Feb. 23.—Two young men that bloodhounds found in charge of one posse picked out from the members of another posse searching for the murderers of John Cox, an aged Lonoke merchant, yesterday are in jail here charged with murder. They are Joseph Trotter and Kelly Boone, each 21 years old, and the former full back on last year's Little Rock college football team.

AMERICAN LOSES BOTH HANDS AND AN EYE IN BATTLE

Mark Alexander.

Mark Alexander, of Roanoke, Va., has just returned to this country after having spent eleven months in a Turkish hospital. While fighting the Turks at the Dardanelles he lost both hands and his left eye. He has been decorated with a medal of honor by King George and recommended for the Victoria Cross.

FOOD REGULATION BE SOLUTION TO A SERIOUS PROBLEM

(Associated Press Telegram)
New York, Feb. 23.—Definite measures to meet the food situation were considered today by both state and city authorities. Governor Whitman and some of the members of the state legislature see hope in the immediate passage of the food and market bill already introduced by a legislative committee which has investigated the situation in different parts of the state. In New York city the board of Aldermen and the board of estimate met to discuss possible remedies.

The housewives in the more thickly populated districts of the city, who first called attention to the acute situation several days ago by riots, boycott and mass meetings, have formed a number of organizations for the purpose of more orderly agitation. The women's anti-high price league, the largest of these bodies, sent a delegation to the board of estimate this morning to demand an appropriation of \$1,000,000 to be used in buying food to be sold to the poor at cost. This organization announced that if its plea was unsuccessful it would urge that beginning Monday children be kept out of school until conditions had improved.

In some of the tenement districts the boycott has taken the place of the riot as a means of protest. The boycott, however, has not been altogether peaceful. A number of women were attacked by infuriated housewives, as they came out of shops carrying meat and fish. A score or more arrests were made yesterday.

Governor Whitman after spending a large part of the day in telephone conferences with public authorities in different parts of the state, said, last night that he regarded the food problem as "very serious." The Wick's food and market bill, which the Governor is known to favor, contains an emergency clause which authorizes the commission that would be created under this act to take such measures to secure relief as it may deem desirable, in case of an emergency creating or threatening to create a scarcity of food. One authority today expressed the opinion that if a real crisis arose the food commission would have virtually dictatorial powers.

FREEDOM OIL PLANT AT WARREN DAMAGED BY GAS EXPLOSION

(Associated Press Telegram)
Warren, O., Feb. 23.—Four men were seriously burned in a natural gas explosion, which wrecked the offices of the Freedom Oil company here, today. Fire, which followed the explosion, caused damage estimated at \$25,000. All the injured men were company employees. With their clothing in flames, they ran one hundred yards and jumped into a creek, to extinguish the flames.

At the Newark offices of the Freedom Oil company, no word of the explosion had been received. Office men here, said that, so far as they knew, there were no Newark men employed in the Warren office.

ENGLAND MUST SACRIFICE MUCH TO WIN VICTORY

Drastic Measures Needed to Cope With Menace of Submarines

MUST DEAL PROMPTLY WITH TONNAGE PROBLEM

Unnecessary Foods Will Be Eliminated From Importation By New Order

(Associated Press Telegram)
London, Feb. 23.—Premier Lloyd George said, in a speech, in the house of commons today, that the success of the allied cause depends on the ability to solve the tonnage shortage, which was now affecting the ordinary needs of the nation and military exigencies. The situation, he declared, called for the gravest measures.

The premier said there was no sure way to victory, without hugging the submarine from the deep.

Enormous sacrifices were necessary, from the British public, said Mr. Lloyd George. He stated the government proposed to dispense with all non-essential importations to save tonnage.

There was a crowded house, at the special meeting, held today to listen to the premier's statement on the restriction of imports and the encouragement of agriculture. Among those of diplomatic gallery were Premier Borden of Canada, Premier Massey of New Zealand and many representatives of allied nations and the dominions.

The premier said the ultimate success of the allied cause depended on the solution of the tonnage difficulty, with which they were confronted. Before the war, British tonnage had been just adequate, and since that time there had been an enormous increase in the demand for tonnage. More than 1,000,000 tons of British shipping had been allocated to France, alone, and a very considerable amount has been set aside for Russia and Italy. In addition a considerable amount had been sunk.

Mr. Lloyd George said that, for some time there has been a shortage of tonnage required for the general needs of the nation, and even a slight shortage in the tonnage for military purposes. The nation should realize absolutely what the conditions were. "If we take drastic measures," he continued, "we can cope with the submarine, menace, but if the nation is not to accept drastic measures for dealing with the menace, disaster is before us."

"The government is hopeful of finding means of dealing with the submarine, but we should be guilty of folly if we rested tranquilly upon the expectation of realization of that hope. We have to deal ruthlessly and promptly with the tonnage problem, by measures which impose great sacrifices upon the country. There are three sets of measures: first, by the navy, as described by Sir Edward Carson (first lord of the admiralty); second, the building of merchant ships; third, dispensing with unnecessary commodities from abroad and production of as much food as possible at home.

The stock of food in Great Britain, at the present time, is lower than it ever has been before, Mr. Lloyd George said. It was essential for the life of the nation, he declared, that every possible effort should be made to increase the production. The importation of apples, tomatoes and fruit will be prohibited entirely.

The premier announced that the government would guarantee, of 38 shillings, six pence for oats this year, 32 shillings for the next two years and 24 shillings for the three following years. The price of potatoes would be guaranteed for the coming session at only 6 pence a ton.

The opinion was expressed, by the premier, that food prices were not likely to decrease for a long time after the war, inasmuch as Germany, after then be a heavier purchaser than ever before. Therefore it was safe to grant to the farmers a minimum price over a definite period of time, which was the only way to bring about immediate action.

The premier also proposed a minimum wage of 25 shillings weekly for agricultural workers.

For wheat the government will guarantee the farmer the following minimum price per quarter: for 1918 and 1919, 50 shillings; for 1920, 1921 and 1922, 45 shillings. Breeding will be cut down to 10,000,000 barrels annually. A similar reduction will be made in the output of spirits, affecting a saving of 600,000 tons of food stuffs.

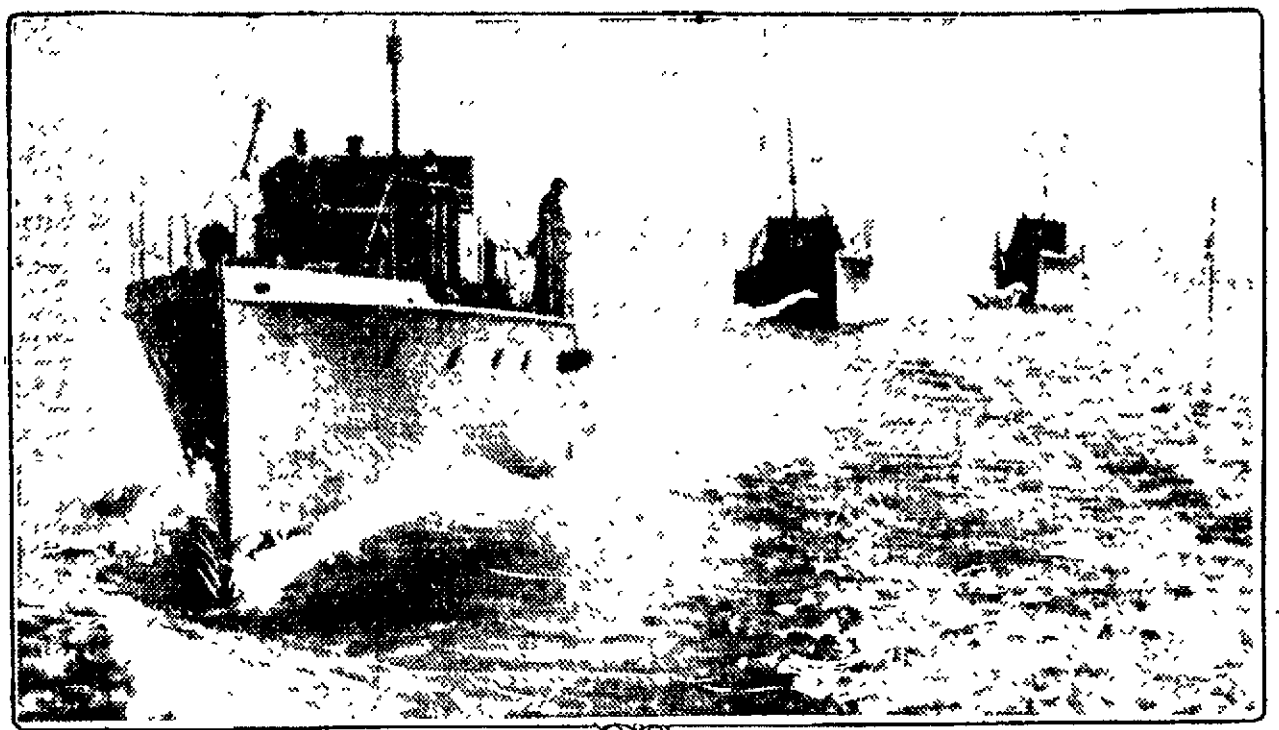

The importation of aerated, mineral and table waters will be prohibited. Powers will be given to the board of agriculture to compel land owners to cultivate their ground.

The minimum wage for farm labor announced by Mr. Lloyd George, 25 shillings a week, represents an increase of 50 to 80 per cent over the present prevailing wages.

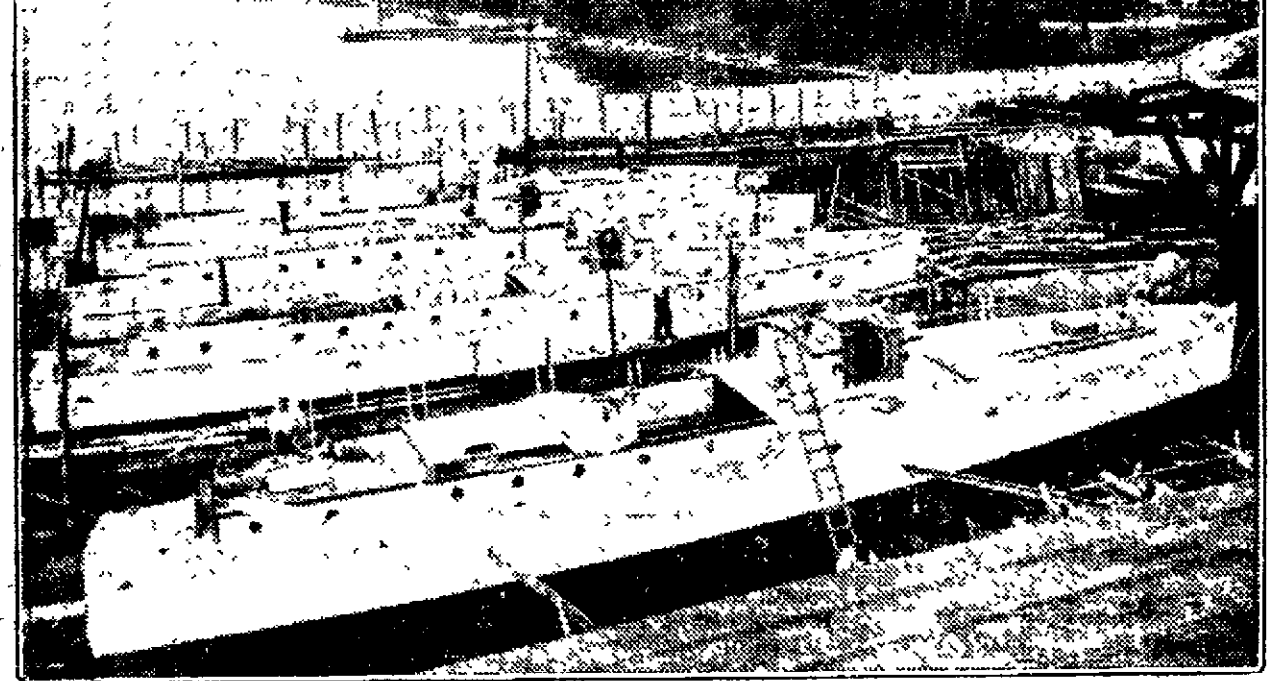

The importation of paper, the premier announced, must be curtailed by a further 640,000 tons annually.

The only exceptions made in the prohibition of fruit importations (Continued on Page 2, Col. 4.)

YANKEE CUNNING SHOWS JOHN BULL WAY TO FIGHT U-BOATS

Submarine chasers in action, and in process of manufacture.

The submarine chaser, an American invention, is playing havoc with the U-boats. It has destroyed scores of the German submarines, and is England's main hope in combating the submarine menace. The submarine chaser is a long, low craft, 80 feet from stem to stern, with a beam 12 1/2 feet and a speed of 19 knots per hour, with a draught of only 4 1/2 feet and a displacement of but 30 tons, yet with sea-keeping qualities that have never before been equalled by so small a craft. Each of these little vessels mounts a 3-inch rapid-fire gun forward, a gun that hurls 12-pound shells at the rate of twenty a minute.

GIVE PRESIDENT POWER TO SEIZE FOOD SUPPLIES

Senator Lewis Offers Solution to Problem Confronting Nation

WOULD PAY FAIR PRICE AND SELL TO PUBLIC

Law Would Authorize State Officers to Co-operate With Federal Attorneys

(Associated Press Telegram)

Washington, Feb. 23.—Senator Lewis of Illinois, today introduced as an amendment to the revenue bill a provision to authorize the President to seize foodstuffs deemed to be monopolized in violation of law. Foodstuffs so seized would be disposed of at public sale under government supervision. The Lewis amendment would authorize the President whenever information to justify his action should be obtained, to proclaim "that the food and the necessities of life of a citizen are being monopolized and wrongfully held by persons in the United States, for the purpose of an unjust increase in price," and to provide for lawful seizure of such necessities, in any United States court by process that might be filed by any United States attorney.

Seizures might be made a law of officers of the federal government or state officers authorized to act in conjunction with him or by authority of the President through executive order. Foods seized should be paid for by the government on the basis of fair market value.

OMAHA HAS \$750,000 FIRE

(Associated Press Telegram)
Omaha, Neb., Feb. 23.—Fire in the downtown retail district destroyed practically an entire block of business houses. The Berg Clothing company and the Hartman furniture store were the principal victims.

The cause of a fire company was injured, probably fatally, by falling from a shower of falling brick and escaped serious injury. The loss is estimated at \$750,000.

"Unrestricted Naval Warfare"

SAILED FROM GULFPORT.

(Associated Press Telegram)
Queenstown, Feb. 23.—The British steamer, Invercoud, has been sunk by a submarine. The crew was landed.

No British steamer Invercoud is listed in available records. The British bark, Invercoud, 1,416 tons, gross, sailed from Gulfport, Miss., Dec. 31, for Fleetwood, England.

FOUR MORE LOST.

(Associated Press Telegram)
London, Feb. 23.—The sinking of two fishing smacks was announced by Lloyds shipping agency, today.

The sinking of the British steamer John Miles, of 637 tons, reported in a news agency announcement, last night, was confirmed by the shipping agency.

The British steamer, Wathfield, of 3,012 tons, gross, built in 1905, and owned in West Hartlepool, has been sunk, says another Lloyd announcement. The crew was landed.

AMERICAN VESSEL EXPECTED TO DOCK AT BORDEAUX TODAY

(Associated Press Telegram)
New York, Feb. 23.—The Oriental Navigation Company, owners of the American Freighter Orleans, announced, today, receipt of a cablegram from its agents in Paris, saying the Orleans was expected to arrive at Bordeaux, today.

The Orleans left here Feb. 10, the second vessel to leave an American port, to brave the new submarine menace. She was followed the same day by the American freighter Rochester, bound also for Bordeaux.

Two British steamships, which passed safely through the German zone, reached here, today. The tanker Frognac, leaving the harbor, and the freighter, from Liverpool, the Atlantic transport line freighter Manchuria, flying the American flag, was reported passing Nantuxet light ship, this morning and will probably arrive here late tonight. She sailed from London.

The Myronna, of the Fabre line, sailed for Marseilles, today, with freight.

The Canada line steamer Carpathian, for Liverpool, and the Italian liner Guiseppe Verdi, for Naples, also sailed. Both vessels carried passengers.

HOGS STILL SELL AT \$13.10 ON CLEVELAND MARKET

(Associated Press Telegram)
Cleveland, Feb. 23.—Hog prices reached a high record here today, when heavy and medium grades sold at 13 10 per hundred pounds.

COAL SHORTAGE IS BLAMED ON THE RAILROADS

Cincinnati Traffic Manager Testifies In State Utilities Probe

DECLARES RAILROADS TRY TO HIDE SHORTCOMINGS

Coal Cars Used For Shipping Other Products—Hearing Adjourned

(Associated Press Telegram)
Columbus, O., Feb. 23.—Guy M. Freer, traffic manager of the Cincinnati Chamber of Commerce, testifying before the state utilities commission today, in the coal shortage hearing, contradicted statements of railroad officials, made before the commission that the reconsignment rule, and its abuse by coal brokers, was responsible for the car congestion and incidentally coal shortage.

"The railroads are so used to trying to hide their own shortcomings that they have misled themselves into the belief that this is the cause," said Freer.

Freer also declared that the railroad men were "prophets of evil." "Some of them are going about now, saying, 'I told you so,'" referring to their statements, when they were asking for an increase in freight rates, at which time they predicted the time would come when they would not be able to serve the public.

E. C. Morton, attorney for coal producers in the hearing, at this point in Freer's testimony, called his attention to the fact that railroad officials were meeting here, today, asking for an increase in passenger fare from two cents to one and one-half cents a mile.

Freer said, in his opinion, the coal shortage was caused by the use of the coal cars, in shipping other products, and that the railroads were not using as much effort as they should in getting freight moved.

The commission adjourned the hearing today, until Monday afternoon, when C. E. Mauer of Cleveland and other eastern Ohio coal dealers will appear before the commission.

E. C. Morton, in behalf of southern Ohio coal operators, presented to the public utilities commission today, a supplementary statement, giving the operators' views on the coal situation.

The statement declares that testimony of railroads officials confirms their contention that carriers have discriminated and are now discriminating against the producers and users of coal.

That moderation of the weather will not solve the present problem. That the industries, which the railroads have encouraged by furnishing cars, so they may operate 16 and 24 hours a day, are offering bonuses and thus drawing to themselves the employees necessary to the proper operation of the railroads, as well as the coal mines, and that for a few weeks' longer, they, and the coal industry, will be in a state of pitiful inefficiency, from which they will not recover until the next period of financial depression.

The statement further declares that the New York Central, and its controlled and affiliated lines, have "scrambled" their cars, thus enabling their coal carrying lines to "obtain" cars of an affiliated road for specific purpose, while denying them to operators who wish to sell their coal in the general market. It declares that coal has been held on side tracks and at terminals, in order that the movement of favored products may be expedited, and in conclusion says "that food and fuel will not be moved on the basis of equality with stone, iron ore, steel and munitions much less in preference to them, so long as the same financial interests are permitted to control both the railroads and the favored industrial and munition plants, unless summary power is given to the commission to control and prevent repetition of a situation that the people will not long continue to endure."

(Associated Press Telegram)
Washington, Feb. 23.—Robert Allen Haden, an American Presbyterian missionary stationed at Foo Chow, China, perished when the French liner Athos was destroyed by a submarine 210 miles east of Malta on Feb. 17.

Consul Kiblinger at Malta cabled a report of Haden's death to the state department today and said that the missionary's address was given as in care of the Presbyterian mission board at Nashville, Tenn.

The consul's dispatch gave no details as to other loss of life, how the ship was destroyed, whether she was warned or how the American was killed. The nationality of the submarine was not given, but may have been Austrian. Information is being gathered officially to determine the importance of the case in relation to the tense situation between the United States and the Central powers.

A later dispatch from Consul Kiblinger, said the Athos was carrying troops and may have been a transport ship. No step can be taken until this fact is definitely determined. This government probably will have no cause for action if such is the case.

EXTRA SESSION WILL BE CALLED MARCH 5TH

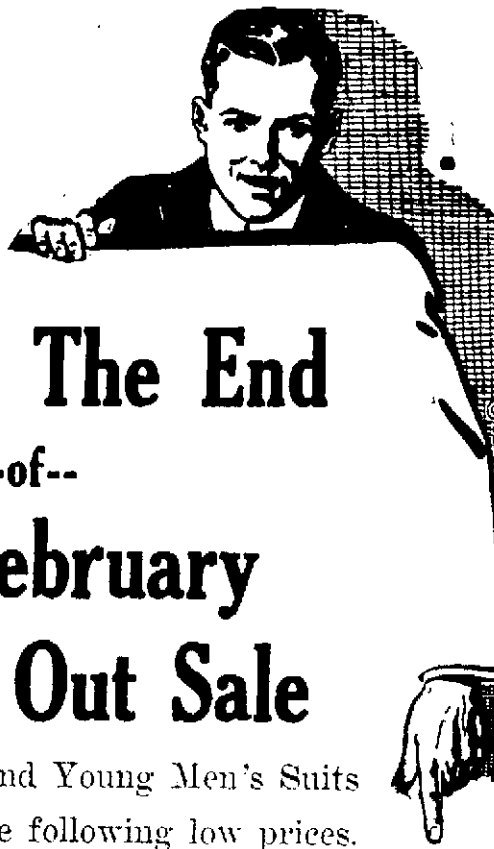

(Associated Press Telegram)
Washington, Feb. 23.—President Wilson has decided to call an extra session of the senate for March 5 to consider nominations. This was officially announced at the White House today.

It was recently reported that the president was considering breaking another precedent by not convening the senate for the usual post-natal session. The president's decision to have the usual extra session, it is believed, paves the way for the customary inaugural ceremonies in the senate chamber of the vice president including the swearing in of new senators.

ARBITRATION OF FRYE CASE SAID TO BE HOPELESS

(Associated Press Telegram)
Washington, Feb. 23.—Arbitration of the case of the American sailing ship, William P. Frye, destroyed by the German commerce raider, Prince Eitel Friedrich, now is considered out of the question, it was said, at the state department, today, because of other sinkings of American ships.

The United States, it was said, agreed to arbitrate the case on condition that no more American ships, whether carrying full contraband or only conditional contraband, were to be sunk. This condition is held to have been violated by Germany's recent submarine operations, and the Frye case will have to await the development of the general situation between the two countries.

Ambition Pills

FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all in, dejected people in a few days.

Anyone can buy a box for only 50 cents, and T. J. Evans, druggist, is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at T. J. Evans and dealers everywhere. Mail orders filled, charges prepaid by Wendell's Pharmaceutical Co., Inc., Syracuse, N. Y.

ONLY POWERFUL

MEDICINE WILL END

RHEUMATISM

It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twitches for 20 weeks, rheumatism is strong enough and mighty and powerful enough to drive rheumatic poisons from your body and abolish all misery or money back.

Rheumatism on a no-cure-no-pay basis for not more than 50 cents a bottle, and after you take a half teaspoonful once a day for two days you should know that at last you have obtained a remedy that will conquer rheumatism.

For over five years throughout America Rheumatism has been prescribed by broad-minded physicians and has released thousands from agony, pain and despair. (Advertisement.)

CONTRACTOR SUES TO GET SCHOOL JOB IN GRANVILLE TOWNSHIP

In common pleas court on Friday Judge Fulton was engaged in hearing the evidence in the case of the State of Ohio on relation of Warwick and Jacobs, et al. vs. the Board of Education of Granville Village School District.

Plaintiffs ask that the board be enjoined from awarding a contract for the erection of a school building at Granville to Vernon Redding or, if the same has been awarded, that it be rescinded, and asking for a writ of mandamus to require defendant to show cause why the contract should not be awarded to the plaintiffs. After hearing the evidence, the court took the case under advisement.

William Moore vs. S. J. White; referee to be appointed by the court if not agreed upon between the parties.

A. Nelson Dodd, receiver, etc. vs. Joseph S. Kuster, et al., judgment of dismissal.

Judge Fulton has appointed Albert D. O'Neill, Spanish war veteran, a member of the Soldiers' Relief Commission, to take the place of Elmer Blizard, deceased.

DOCTORS HEAR PAPER

BY COLUMBUS MAN

Dr. Halbert B. Blakey, of Columbus, read an interesting paper, last evening, at the regular monthly meeting of the Licking County Medical Society, which was held at the Hotel Warden, at 6:00 o'clock. The paper was upon "The Relation of Local Infections to Systemic Disorders," and brought forth a profitable discussion by the local doctors. The meeting proper was preceded by a sumptuous dinner.

WEATHER CONDITIONS

ABNORMAL SAYS BUREAU

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 23.—Unusually warm weather for this time of the year, accompanied by thunderstorms and rain, which prevailed in parts of the middle west, yesterday and last night, will be displaced by colder weather, tonight and Saturday, weather bureau officials today said. During the last 24 hours, temperatures averaged around 70 in the Missouri valley and the plain states, and reached an average of about 80 in Texas and the lower Missouri valley. Warm weather prevailed today in the Ohio valley, and was extending eastward toward the Atlantic coast.

Colder weather was predicted for the great lakes region, the Ohio valley, Tennessee and the east gulf states for tonight and Saturday, and in the Atlantic states Saturday. Cold wave warnings have been issued for the east and central states, upper Michigan, lower Michigan, Indiana, northwest Ohio and the west portion of Kentucky and Tennessee.

WAR DEPARTMENT HAS

UNIVERSAL SERVICE PLAN

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 23.—The war department made public today a synopsis of the army general staff universal service and training plan which also was sent to congress with estimates of cost and a detailed outline for a bill to carry it into effect. The main essentials of the plan are:

One year of military training for all boys in their nineteenth year, except those exempted for specified reasons.

Exemption to be extended to those physically or mentally unfit and those who are the sole support of otherwise destitute dependents.

Training to consist of 11 months during the first year and two weeks during the second and third years of a reservists liability.

War service to be required of all who have been trained in the first and second reserve, the first reserve duty to extend over a period of four years and one month.

Maintaining a speed of 34 1-2 miles an hour for four consecutive hours without showing any smoke was a record recently made by a United States torpedo boat destroyer.

In spite of high prices on all food-stuffs

CONSTIPATION MAKES YOU DIZZY, BILIOUS

Get Relief in Thirty Minutes by Taking a Wineglassful of Tollo Water.

That bilious, dizzy, headachy feeling that brings with it coated tongue, foul breath and salivary, pasty skin can be banished clean out of your life in a half hour by taking a wineglassful of Tollo Water before breakfast. It quickly but gently flushes and washes the stomach and bowels, leaving them sweet and clean. It also washes out the bile tubes of the liver and puts it to work again.

Don't dose yourself with drugs and oils, but let this wonderful product of Nature from Dawson Springs, Kentucky, restore your good health. Go to the druggist today and get a 15-cent bottle and take a third of a tumblerful in a glass of plain water before breakfast tomorrow morning.

Take it every morning for a few days until the poison the system has absorbed from decaying waste in the bowels has been removed. After that an occasional wineglassful will keep your bowels regular, your liver clean and active and your stomach ready to digest any thing you eat. Advertisement.

ENGLAND MUST SACRIFICE

MUCH TO WIN VICTORY

(Continued from Page 1.)

will be in the cases of oranges and bananas, in which the amount brought in will be restricted 25 per cent. The same restriction will apply to nuts. Canned salmon importations will be reduced 50 per cent. The importation of foreign tea, coffee and cocoa is prohibited and even the amount of India tea which may be brought in is reduced.

The premier said it was expected to save 900,000 tons of shipping yearly in foodstuffs.

In announcing the decision to restrict the importation of paper Mr. Lloyd George said the government had arrived at the conclusion that a very substantial reduction was necessary, and that the amount would be cut to half of what is now allowed. This would reduce the allowance to 640,000 tons.

All essential articles of food, he continued, would be on the free list, but certain articles would be reduced or prohibited. The stoppage of importation of coffee, tea, and cocoa for the time being was due to the fact that large supplies were on hand. The premier said he regretted very much the cutting off of certain luxuries which came from France and Italy.

These restrictions would be imposed immediately, said the premier. Steps would be taken to prevent speculative buying, and if necessary the food controller would take control of the commodity. The restrictions had been carefully considered, and he asked the house to take them as a whole.

The premier declared he had not the slightest doubt that if the whole program were carried out and if all those who could help in production did help, "I honestly say we can face the worst the enemy can do, and that is what we ought to be prepared to do."

In dealing with the question of production, the premier said:

Then there is the question of our home supplies of food. I want the country to know that at present our food stocks are low. This is not due to subversive but to the bad harvest. It is essential to the safety of the nation that we put forth every effort to increase production this year. There are still a few weeks to sow spring wheat, oats, and barley to induce the farmer to plow up pasture land immediately. The government proposes to guarantee the farmer a minimum price for a definite period, while a minimum wage of 25 shillings weekly will be fixed for the laborer.

The premier also announced that the importation of books, periodicals and other printed matter would be prohibited entirely.

NO ACTION BY U. S. ON NEW BRITISH ORDER

(ASSOCIATED PRESS TELEGRAM) Washington, Feb. 23.—Announcement was made at the state department today that Great Britain's recent order in council, widely increasing the scope of her blockade, had been received but probably would not, under the circumstances, be made the basis of official action by this government, in view of the eventualities before this country.

HELPED UP BY CRUISER.

(ASSOCIATED PRESS TELEGRAM) Boston, Feb. 23.—Officers of the American freighter Allagash, reported on her arrival from Buenos Aires today that the vessel was held up by a British cruiser, believed to be the Earl of Glasgow, off the Brazilian coast on January 23 and two Germans in her crew removed. The steamer was detained five hours, they said. The German sailors had signed at Buenos Aires.

BELGIAN PLANT BURNS

(ASSOCIATED PRESS TELEGRAM) Amsterdam, Via London, Feb. 23.—Several buildings of the famous Cockerill works, at Seraing, five miles southwest of Liege, Belgium, have been destroyed through an incendiary fire, the newspaper Les Nouvelles states. The loss to the plant which comprises iron works and machine shops making it one of the largest in Europe will be \$500,000 it is estimated.

In the near future wireless apparatus will be installed in all important police stations.

Shoes with aluminum soles have been invented for persons working in water or damp places.

NEWARK BOYS MAY REACH HOME FROM BORDER MARCH 5TH

The Newark boys who were with the American troops on the Mexican border, are at Ft. Wayne, Mich., waiting to be mustered out, having reached there on Tuesday of this week. Word received by the parents of Harold Wilson, son of Mr. and Mrs. Fred Wilson, of West Locust street, states that they expect to reach Newark in a week or ten days.

"Buster" Wilson, the dog, the only mascot the Fourth Regiment took with them will return to Newark with the party, it being rumored that Buster's health is much improved by his trip south. The dog was mascot to the classes of '14 and '15 at the Newark high school.

EVANGELIST TALKS ON

PEACE AT U. B. CHURCH

Rev. Mr. Spears gave an interesting address on "Peace" at the Tenth St. U. B. church last evening. His text was "Thou wilt keep him in perfect peace." His sermon showed how Jesus came to give us real peace and happiness, and says we can have this peace Jesus gives by accepting Him; that the life of Jesus had one objective, and that was "Peace on earth and good will to all men." Rev. Spears makes a strong appeal to all that is good in men and urges them to accept these gospel truths. At nearly every service conversions result. Services at the church every afternoon at 2 o'clock, and every evening at 7:15.

No Source of Supply.
"Little girl, why aren't you provided with an umbrella?"
"Because father hasn't been to church this year."

Truthful.
He—"I could die dancing with you, dear."
She—"I am."—Froth.

BELL-ANS

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

A Laxative for Babies Good for Everybody

Dr. Caldwell's Syrup Pepsin a Safe and Efficient Family Remedy.

Every member of the family is more or less subject to constipation and every home should always be supplied with a dependable remedy to promptly relieve this condition. Whenever the bowels become clogged and the natural process of elimination thereby disturbed, the entire system is affected, and readily subject to attack by disease. Constipation is a condition that should never be neglected.

Mrs. E. R. Gilbert, of Millbro, Va., says that Dr. Caldwell's Syrup Pepsin is a splendid laxative for children because they like its pleasant taste, and it acts so easily and naturally, without griping or strain, and she finds it equally effective for the rest of the family.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that contains no opiate or narcotic drug. It is mild and gentle in its action, and does not cause pain or discomfort. Druggists everywhere sell this excellent remedy for fifty cents a bottle.

To avoid imitations and ineffective

substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

DODD'S KIDNEY PILLS

Banish Kidney Disease. Drive Away Backache, Stiff Joints, Puffiness, Dizziness, Spots Before Your Eyes.

If You Have Any Symptoms of Kidney Trouble, Get a Box Today—But Be Sure the Words "Dodd's Kidney Pills" Are on the Cover.

So fatal are the ravages of kidney disease, that insurance companies look upon it with grave concern. Some companies even go so far as to publish monthly publications to educate their policy holders about kidney troubles and how to prevent or check them. The whole fault rests in the people disregarding their first warnings.

With the slightest backache, throbbing pain through the loins, stiffness in stooping or lifting; immediately start toning the kidneys. Take heed of these danger signals, as well as spots appearing before or

puffiness under the eyes, pain in back of neck, dizzy spells, rheumatic pains, swollen feet or ankles, bed-wetting, nightly arising. Step into your nearest drug store, obtain Dodd's Kidney Pills and begin taking them at once.

For years thousands have testified to "DODD'S" as a kidney and bladder tonic and reconstructer. Be sure to get DODD'S the name with the three D's for diseased, disordered, deranged kidneys. Accept no similar named article. Money back if not satisfied. 50c any druggist or Dodd's Medicine Co., Buffalo, N. Y.

40,000 Will Take Part In the Parade on Inauguration Day

Critical Times Will Not Hamper Unusual Brilliance of Ceremonies in Washington March 5. No Inaugural Ball.

Vice-President's Wife Will Be Seen In Procession For the First Time—Five Thousand Suffragists on Picket Duty.

40,000 WILL TAKE PART IN INAUGURAL PARADE IN WASHINGTON MARCH 5

Forty thousand will take part in the inaugural parade when President Wilson again is inducted into office March 5, the war department has announced. The makeup of the column, commanded by Major General Scott, chief of staff, as grand marshal, will be:
First Division—Five thousand two hundred of the regular establishment, including Annapolis and West Point cadets, coast artillery, engineers, marines and bluejackets.
Second Division—National guard, school cadets and all others under arms who are not regulars.
Third Division—Q. A. R. and Confederate Veterans, Army and Navy Union, Spanish War Veterans, etc.
Fourth Division—Civil organizations.

ESPIE the critical international situation and even the possibility that the United States may be drawn into the European war at any moment, the people of this country insist upon seeing their president inaugurated on March 5 with all the pomp and ceremony of which the occasion is worthy. The usual date of inauguration, March 4, falls on a Sunday this year, and therefore President Wilson will go through the ceremony

tion of the capitol building, the Peace monument and the Bartholdi fountain in the botanic garden has also been arranged. It is estimated that at least \$4,000 has been spent for the illuminations.

James S. Easby-Smith said the court of honor would be the most beautiful Washington ever saw. Plans both for the structure and for its decoration and illumination along original and novel lines are practically completed. Without any cost to the committee a large amount of electrical equipment has been secured.

A. Leftwich Sinclair, as chairman of the public comfort and accommodations committee, has listed all boarding and rooming houses.

The president and vice president will be accompanied by their wives when they ride up Pennsylvania avenue to the White House following the inaugural ceremonies at the capitol. Announcement to this effect was made the other day by Senator Overman of North Carolina, chairman of the joint inaugural committee of congress.

In the carriage with the president and Mrs. Wilson will ride Senator Overman and Representative Rucker of Missouri, chairman of the senate and house inaugural committees respectively.

Riding with the vice president and Mrs. Marshall will be Senator Smith

president's state. The District of Columbia, the residence of both president and vice president during their term of office, will be represented by Troop B.

Five Thousand Suffragists Pickets.

The militant suffragists, who have been picketing the White House for the last month, have announced that 5,000 fair pickets will be placed around the executive mansion on inauguration day to flout banners in the face of the president.

This decision will be carried out in spite of the disapproval voiced by a meeting of members of the National Woman Suffrage party.

"Fast" colors only are desired for decorations for the inauguration. The committee on decorations has made this plain in a letter which it has sent to merchants who sell cloth for decorative purposes and to professional decorators. Colors that are apt to "run" in event of rain are not wanted, for the committee wants to safeguard against the disfigurement of buildings.

The letter of the committee says in part: "It is desired by the committee on street decorations that materials with 'fast' colors be used in decorating buildings, stands and homes during the inaugural week.

"In the event of inclement weather, which is apt to occur during the end of February and the first week of March, this will prevent the washing down of colors, and destroying the appearance of the many decorative features.

"If it be found difficult to have on hand for sale any of the above it is suggested, that plain, unbleached cotton cloth be used for covering the stands, balconies or platforms; and that laurel rope garlanded with flags and shields be used in this connection. Red, white and blue strands of cheesecloth, if the colors are 'fast,' can be adopted and draped over the cotton cloth to good effect. Full size examples of the combination of decorating material can be seen at our headquarters."

Floats For Women.

Work has been completed on the twenty-four floats which are to be a feature of the part women are to play in the inaugural parade. The cost of building these floats was met by the wives of representatives and senators, but they are not to ride on them.

Major General Hugh L. Scott, grand marshal of the inaugural parade, and his adjutant general, Brigadier General Carroll A. Devoe, have gone ahead with their preparations for the event without regard to the possibilities of war.

General Scott tendered command of the veteran division to W. J. Patterson of Pittsburgh, commander in chief of the Grand Army of the Republic, but Mr. Patterson replied that he would be unable to attend the inaugural ceremonies and suggested the appointment of A. J. Huntoon, department commander of the District of Columbia, as marshal of the veteran division. That advice was followed. Commander Patterson said also that the G. A. R. veterans preferred to march the entire distance of the parade instead of entering the line at Fourteenth street and passing in review in the court of honor. Consequently the plan of having the old soldiers assemble at Fourteenth street has been abandoned, and they will be assigned a position near the capitol.

POTATO WAR IS NOW THREATENED IN ENGLAND

Dearth of Tubers on the Market Sends Prices Skyrocketing. Lloyd George Intervenes.

Premier Lloyd George's intervention in the potato crisis is regarded as an eleven-hour effort to avert the potato war which has been threatening for some time in England. Lloyd's Weekly News says that people everywhere are disconcerted over the dearth and dearth of potatoes, while retailers are rebellious and refuse to sell at the price fixed by the comptroller.

Serious famine exists in virtually all the large Lancashire towns, particularly Manchester. The usual weekly output from the Ormskirk district of Lancashire is between 3,000 and 4,000 tons, but this month not 100 tons have been sold by retail, yet it is estimated that there are more than 20,000 tons of potatoes within a ten mile radius of Ormskirk.

Acting under orders from Dublin, the police of Ireland visited the markets at Drogheda, Middleton, Limerick and elsewhere and ordered the farmer sellers not to charge more than a shilling for fourteen pounds of potatoes.

The Weekly Dispatch says that the potato famine is due to the non-arrival of stocks on the market, owing to the altered withholding of stocks by farmers for better prices.

NEW WAY TO POT U BOATS.

British Steamer Has Steel Chamber and Gun.

A new equipment defense against the submarine was disclosed when the British steamer *Baycross* arrived at Boston from Havre a few days ago. A supposed afterdeck house proved to be a steel structure concealing a four inch gun revolving on a platform so as to command a wide area astern without exposing the gun or its crew of two men.

The *Baycross* is one of a fleet of vessels built for the service of the United States line in transporting grain and munitions to France. It is understood that other steamers of the line have been similarly equipped.

A Medicine for Women

For Forty Years Lydia E. Pinkham's Vegetable Compound has Relieved the Sufferings of Women.

It hardly seems possible that there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Mrs. Kieso Cured After Seven Month's Illness.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework. I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for herself how good it is."—Mrs. K. A. Kieso, 590 North Ave., Aurora, Ill.

Could Hardly Get Off Her Bed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get out of my bed. I had been doctoring for a long time and my mother said I want you to try Lydia E. Pinkham's Vegetable Compound. So I did, and it has certainly made me a well woman. I am able to do my housework, and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Josie Cornen, 1608 Harrison Ave., Fairmount, Cincinnati, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

An Attack On High-Cost of Living

Pittsburg CUT-RATE Grocery

HAGEMEIER BROTHERS

are doing more for the welfare of the working class and the economical buyers than any other grocery in the county.

If you are a cash buyer, buy your groceries of a grocer who does a strictly cash business.

By trading with credit stores, you help to make up his losses in bad accounts, bookkeeping expense, loss of cash discounts and many other unnecessary expenses.

A grocer selling for cash can also pay spot cash for his goods, a saving in cash discounts of 2% to 5% on all goods, of which you reap the benefit.

We are also out of the high rent district, our rent being about one-fourth of what it would be if we were located on the Square.

IF YOU ARE WISE TRADE AT A CASH GROCERY WHERE YOUR WANTS ARE ALWAYS LOOKED AFTER TO YOUR ADVANTAGE. WE ARE HERE TO SAVE YOU MONEY AT ALL TIMES.

K. of P. Building—Goods Delivered—Both Phones

PRESIDENT WILSON, PROCEEDING TO CAPITOL TO TAKE OATH OF OFFICE. CHIEF JUSTICE WHITE (LEFT) ADMINISTERING OATH OF OFFICE. VICE PRESIDENT MARSHALL AND FORMER PRESIDENT TAFT AT RIGHT.

of taking the oath of office twice—once on March 4, in private, and again on the following day in public when the real inauguration ceremonies will take place. Everything will be carried out as during other inaugurations in bygone years, except that the inaugural ball will be eliminated as it was four years ago, by President Wilson's wish.

Illumination of Pennsylvania avenue on a scale never before attempted, the greatest display of fireworks ever given in the national capital, a court of honor in which the sovereign people of the United States will pay homage to the chief magistrate whom they themselves returned to office, with a beauty and splendor and dignity never equaled on this continent—these are the outstanding features of inaugural plans.

The increasing cost of living and of celebrations hit the inaugural committee at its first meeting, and, though the watchword of close economy was emphasized, it was made evident that there will be no such parsimony as will mar preparations for the greatest spectacle and popular demonstration ever held in the national capital.

Increasing costs were emphasized in the reports of a number of committee chairmen in asking for appropriations and by inaugural Chairman Harper in calling attention to the committee's intention of erecting the observation stands despite the fact that lumber is costing much more than four years ago.

Illumination of Avenue.

William F. Guile, as chairman of illumination, has made arrangements for the extensive illumination of Pennsylvania avenue for an entire week, and the display will be far better even than four years ago. Special illumina-

tion of the capitol building, the Peace monument and the Bartholdi fountain in the botanic garden has also been arranged. It is estimated that at least \$4,000 has been spent for the illuminations.

James S. Easby-Smith said the court of honor would be the most beautiful Washington ever saw. Plans both for the structure and for its decoration and illumination along original and novel lines are practically completed. Without any cost to the committee a large amount of electrical equipment has been secured.

A. Leftwich Sinclair, as chairman of the public comfort and accommodations committee, has listed all boarding and rooming houses.

The president and vice president will be accompanied by their wives when they ride up Pennsylvania avenue to the White House following the inaugural ceremonies at the capitol. Announcement to this effect was made the other day by Senator Overman of North Carolina, chairman of the joint inaugural committee of congress.

In the carriage with the president and Mrs. Wilson will ride Senator Overman and Representative Rucker of Missouri, chairman of the senate and house inaugural committees respectively.

Newark, Ohio, under the Act of March
3, 1879.

THE AMERICAN TEMPERAMENT.

A fine spirit is being shown by many men who, in this crisis of submarine warfare, are being ordered off the ocean. They have been sailing the seas all their life, and they don't propose to stop for any kings or emperors.

It would be much better business policy for them to stay at home. It might save getting their country into trouble. But Americans won't take orders from any master, save the ones they have erected above themselves, and those are mighty careful how they issue their commands.

When you examine the causes leading to the separation of this country from England, they were really trifling. They were mostly questions of taxation. On the money basis, there was nothing in the idea of separation. It cost more to run a government at Washington than a Colonial administration would have come to. It was just the American spirit that won't take orders.

You can see that all through the life of any community. If the idea gets into the heads of the people that a man is trying to boss too many things, they pull him down just to show their own authority. His authority may, indeed, be exercised quite well. But people do not take kindly to the idea of lords and masters. They will hit a boss every time they get a chance.

If the United States ever gets drawn into a world war, it will be just because it can't stand the idea of dictation. No one power can get up to run the earth and get away with it. The United States is long suffering, because it has enough business sense to know that wars don't pay. But the moment you begin to order Uncle Sam around too far, you run up against the fundamental American temperament.

THE BASIS OF SUCCESS.

The American boy's heart swells at the thought of success. He dreams dreams in which he sees himself the center of an applauding multitude. He imagines himself a popular military or naval hero, or else a powerful statesman or a commanding capitalist. He reads impossible tales of boys who accomplish things that few men can do. But meanwhile he is taking no steps leading to any exceptional career.

The fame attained by the late General Frederick Funston, who has been as well known as any American soldier of the present generation, illustrates about how fame and exceptional success comes to a man. Funston made his reputation by capturing Aguinaldo. It was a daring attempt, when he and his small company ventured into the rebel chief's village. Most men would have said it was impossible. But Funston had the courage, the nerve, the determination and the luck.

In ordinary life the seeker for success is not asked to risk his life. He need not risk even his health. All he has to do is to show grit and indomitable perseverance. He has got to "keep on keeping on" as the poet said, after other people have become discouraged.

The world is full of the "It can't be done" spirit. Everyone finds plenty of opportunities for growth and expansion. In every business position there is a higher success that can be achieved. Some one is devoted to duty, a concentration of one's mind, and persistence in the face of obstacles, which most people are unwilling to give.

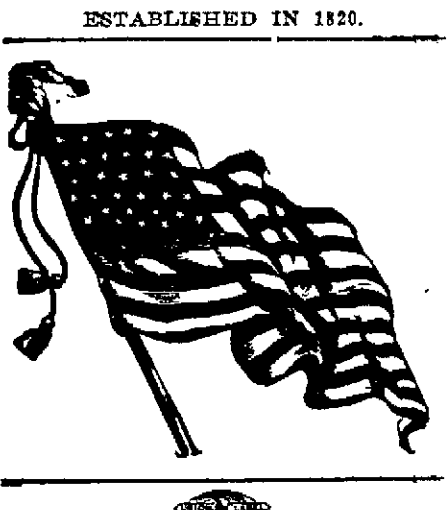

Most people look the obstacles over, they are baffled by them for a

Daily History Class—Feb. 23.

- 1677—Stanislas I, king of Poland, born in Lemberg, Galicia; died 1766 in exile in France.
- 1805—Conviction of Emile Zola for libel in the Dreyfus case; sentence one year and fine of 3,000 francs.
- 1915—Zeppelins bombarded Calais.
- 1916—German attack on the Verdun salient advanced at some points two miles on a twenty-five mile front.

ASTRONOMICAL EVENTS.

Bright star Pollux, one of the twins in constellation Gemini, in meridian in the evening. Planet Mars sets with the sun. Constellation Cetus, the Whale, low in the southwest.

time, and then they quit. A large success means a long fight. Only those who are game for a persistent struggle ever get far. Success is not a matter of luck, nor usually of exceptional genius, but more often, it is merely the gift of sticking to a thing.

YOUR FLAG—MY FLAG.

Has Wilbur D. Nesbit written a new national anthem in his poem "Your Flag and My Flag"? The simple, stirring verses are now sweeping the country, and one enthusiastic admirer pronounces them the best expression of American sentiment since Drake wrote his famous poem beginning "When Freedom from her mountain height." Still others declare it to be more American in its expression, and more in tune with national thought of today than "The Star Spangled Banner" or even "America." Without entering into a discussion of its merits as compared with other national songs and poems, it is interesting to note that no poem published in recent years has so thoroughly taken hold of the American people. The first stanza may be quoted:

"Your flag and my flag—
And how it flies today
In your land and my land
And half a world away.
Red and blue and white
The stripes forever gleam.
Snow-white and soul-white—
The good forefathers' dream.
Sky-blue and true-blue with stars to
The glories of the day, a shelter
Through the night."

Public speakers in every state of the union have been, and are, swaying their audiences with Nesbit's flag verses as part of their speeches. School children everywhere are learning it. It is being taught in the public and parochial schools of Chicago and elsewhere. It has appeared in the Congressional Record several times, and governors of various states have used it as their flag day proclamations. Hardly a week passes that some musician does not send Mr. Nesbit a suggested musical setting for the poem. But as yet the right composition has not been found.

Mr. Nesbit for years was known as one of America's foremost magazine and newspaper writers, and within the past seven years he has taken his place as one of three leading writers of advertising in America. He is vice president of the Mahan Advertising company, of Chicago and Newark.

His years of training in newspaper writing gave him the experience and the knowledge of how to make whatever he writes touch a responsive chord in the reader, and stir his mind to action to do whatever Mr. Nesbit's pen so deftly points the way.

"The flag verses," Mr. Nesbit says, "are, in a certain sense, an advertisement for the American flag. They express what I think is in the heart of every American concerning his country's banner. Of course, it is gratifying to know that so many other people agree with the sentiment in the verses."

SUBMARINES.

(Ohio State Journal.)
As a war engine, the Zeppelin has disappeared. It didn't pay expenses. It is succeeded by the submarine, which is doing a pretty fair business, but it is not likely to last long. It is already beginning to show a decline. There is certain to be a way to knock it out. The "chaser," the destroyer and the steel net are limiting its ravages. And the big warship as a convoy is having its influence. We heard it claimed that a submarine always rose to the top of the water in order to fire its torpedo. We copy the following paragraph from an authority on the subject:

"Torpedoes are arranged to travel much further under water than 1-2 feet, partly to make sure of striking the vulnerable part of a ship's hull and partly because a torpedo is not manueverable unless moving through solid water. If it gets too near the surface, especially when there is a heavy sea, a part of it at least is apt to get above the surface and then there is no telling what direction it will take."

The STAR-SPANGLED BANNER
By Francis Scott Key..

O SAY, can you see, by the dawn's early light,
What so proudly we hail'd at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight
O'er the ramparts we watch'd were so gallantly streaming?
And the rocket's red glare, the bomb bursting in air,
Gave proof through the night that our flag was still there,
O, say, does that Star Spangled Banner yet wave
O'er the land of the free and the home of the brave?

ON the shore, dimly seen through mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines in the stream,
Tis the Star Spangled Banner! O, long may it wave
O'er the land of the free and the home of the brave!

AND where is that band who so vauntingly swore,
That the havoc of war and the battle's confusion,
A home and a country should leave us no more?
Their blood has wash'd out their foul footsteps' pollution;
No refuge could save the hireling and slave
From the terror of flight or the gloom of the grave,
And the Star Spangled Banner in triumph doth wave
O'er the land of the free and the home of the brave.

O THUS be it ever, when freemen shall stand
Between their lov'd home and the war's desolation!
Blest with vict'ry and peace, may the heav'n rescued land
Praise the power that hath made and preserved us a nation!
Then conquer we must, when our cause it is just,
And this be our motto: "In God is our trust!"
And the Star Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave!

[From Key's own manuscript.]

*O say can you see by the dawn's early light,
What so proudly we hail'd at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight
O'er the ramparts we watch'd were so gallantly streaming?
And the rocket's red glare, the bomb bursting in air,
Gave proof through the night that our flag was still there,
O, say, does that Star Spangled Banner yet wave
O'er the land of the free and the home of the brave?*

*On the shore dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines in the stream,
Tis the Star Spangled Banner—O long may it wave
O'er the land of the free and the home of the brave!*

*And where is that band who so vauntingly swore,
That the havoc of war and the battle's confusion
A home and a country should leave us no more?
Their blood has wash'd out their foul footsteps' pollution
No refuge could save the hireling and slave
From the terror of flight or the gloom of the grave
And the Star Spangled Banner in triumph doth wave
O'er the land of the free and the home of the brave.*

*O thus be it ever when freemen shall stand
Between their lov'd home and the war's desolation!
Blest with vict'ry and peace may the heav'n rescued land
Praise the power that hath made and preserved us a nation
Then conquer we must when our cause it is just
And this be our motto: "In God is our trust!"
And the Star Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave.*

FACSIMILE OF ORIGINAL OF "STAR SPANGLED BANNER" IN HANDWRITING OF FRANCIS SCOTT KEY.

DOING RIGHT FOR RIGHT'S SAKE.

New York World.)
The treaty by which the United States agrees to pay Colombia \$15,000,000 for the Panama Canal strip should be ratified by the Senate on grounds of high principle alone. We "took" the Isthmus in violation of a solemn engagement. Every selfish consideration, no matter how urgent, should be subordinated to justice and good faith.

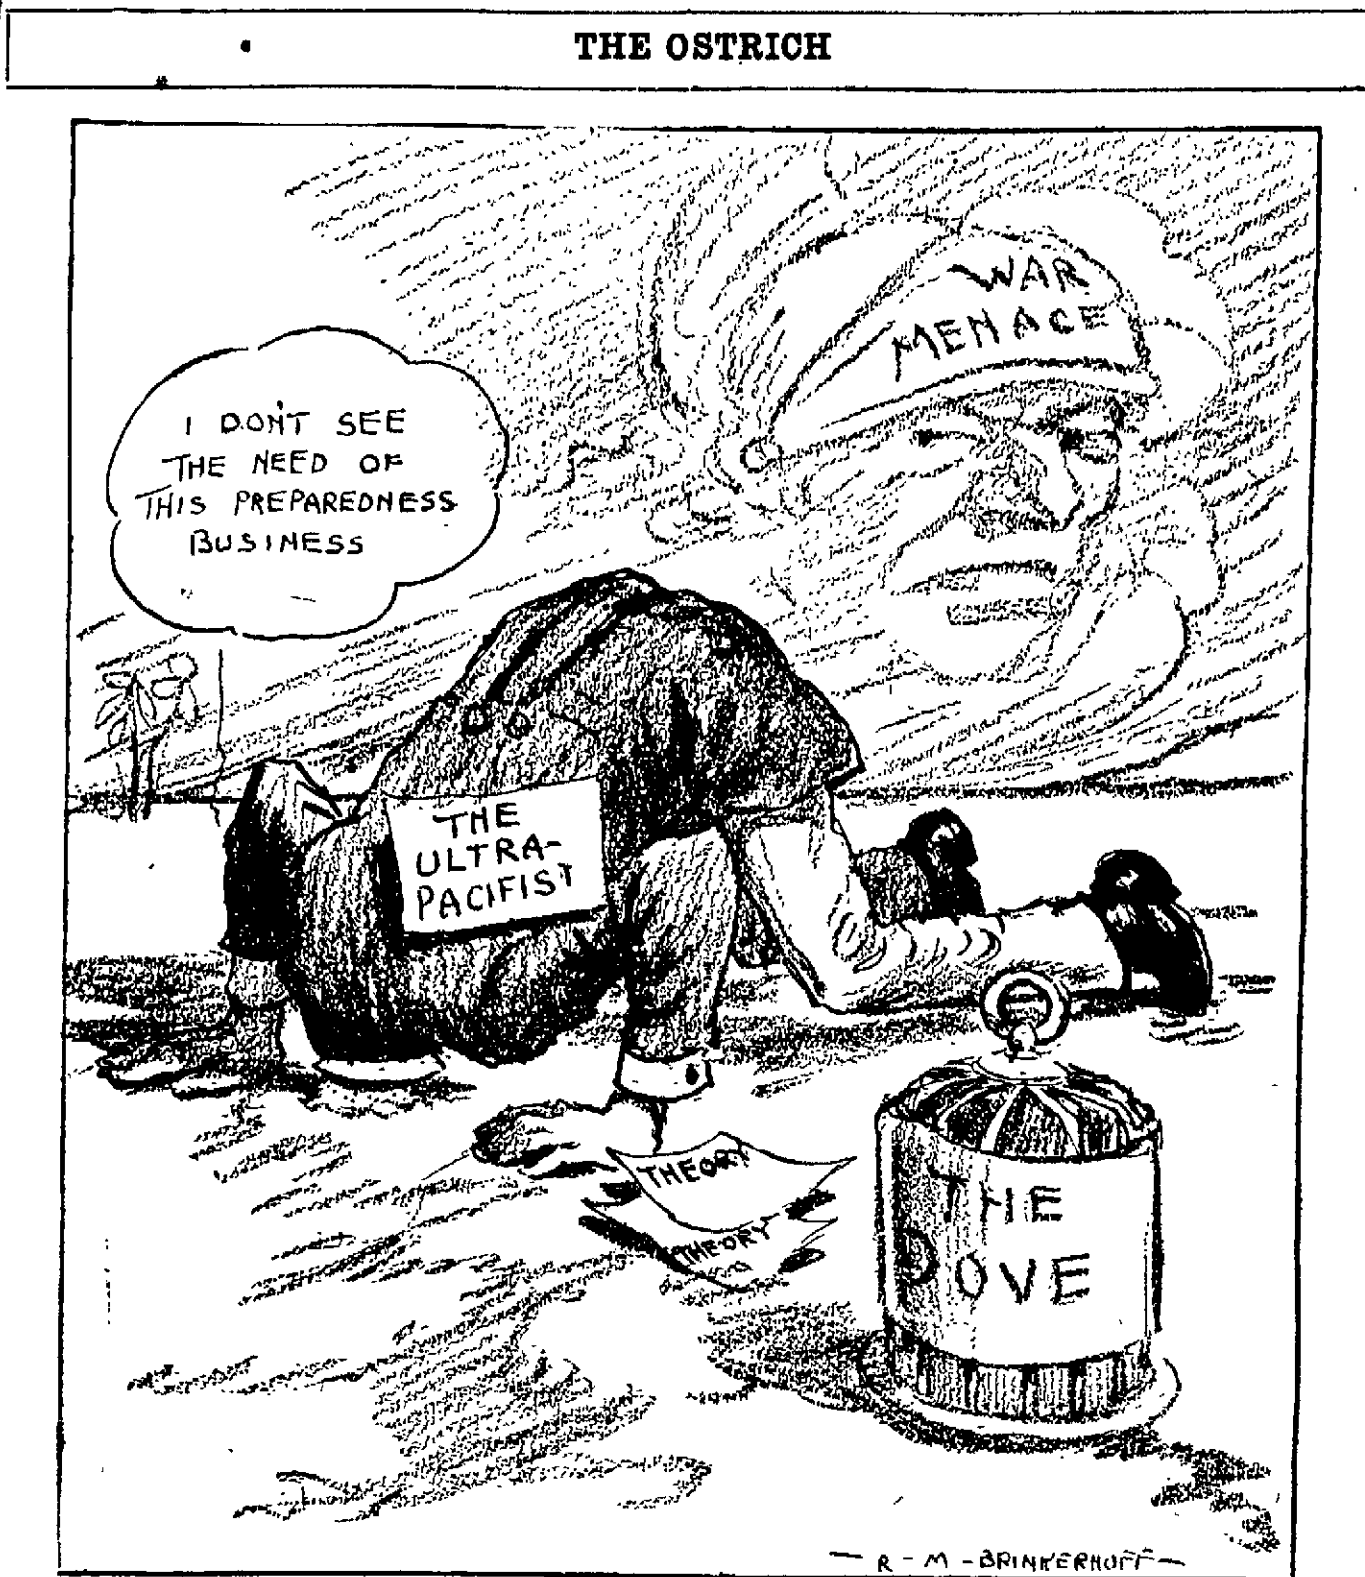

It is argued that in the event of war the ill-will of Colombia might prove useful to our enemies, which is true. It is pointed out that American business interests have suffered in the Isthmian region as a result of our aggression in that quarter, and that all of Latin America regards this case as a sure test of our sincerity, which it is easy to believe. Yet to do right because we find at length that wrong-doing does not pay is to base our policy on open immorality.

Most of the opposition to an honorable settlement with Colombia comes from Senators who glory in the lawlessness or in the friendship of Theodore Roosevelt. When a man has applauded treaty-breaking and the oppression of a weak neighbor as heroic, it may be difficult to admit that the performance was an outrage, but in view of recent events as to which there is not much conflict of opinion, it ought not to be impossible.

There can be no permanent peace in the world of security for life, property or canals so long as we have our Panamas, Serbias and Belziums.

WHAT WE COULD DO IN WAR.

(Boston Transcript.)
Very often the question has been asked, What could the United States do in a war with Germany and her allies? The question whether we should be able to render a prompt and effective service in case of war, is answered by Admiral Lord Charles Berford, of the British Navy, who says that the United States Navy, "in proportion to its units, is better than any other afloat," and who outlines a program of transatlantic conveying and ocean patrol duty which

Spirit of the Press

Saluting the Flag.
The Chicago school children are to salute the flag once each week hereafter. Who said that patriotism was a pipe dream in this country? The picture of Columbus occupies the place of honor in every home today.—Columbus Monitor.

Tagore, Take This.
Tagore, Indian poet, just prior to his departure from this country, said: "American women have more leisure than any other women in the world; they could use it well in study and improvement." All the women he saw were those who attended his lectures, so his judgment that they do not use their leisure properly may go unquestioned.—Seattle Post Intelligencer.

Demagogues.
J. Hampton Moore has distinguished himself again. His eye fell on a newspaper article about demagogues in Congress, and he recognized himself instantly as the subject of the attack. Promptly he arose to a question of personal privilege. After he had entertained the House for some minutes by reading the offensive article, the Speaker ruled that as his name was not mentioned there was no foundation for his question of privilege. "But it's about demagogues," he insisted. Thereupon the House laughed heartily, and so does the country.—Philadelphia Record.

Ford's 1,000 Submarines a Day.
We still think Mr. Ford showed lack of judgment when he sent his peace ship to Europe, but there is evidently no discount on his Americanism. And if he can make 1,000 small submarines a day he can accomplish far more in bringing the war to an end than by a thousand peace boats. It would be a curious thing if pacifists like the President and Mr. Ford should accomplish what all the allied fighting men have not been able to do.—Baltimore Sun.

Pointed Paragraphs

Some fellow has referred to America as "a country without conversation," the highest compliment that has ever been paid to the Whist clubs of this nation.—Springfield News.

The town ought to be dotted with gardens this summer. By the way, a vegetable garden looks more thrifty and better in every way than a patch of weeds.—Columbus Dispatch.

Mr. Taft does not need to be so uneasy about the debt that the nation owes to New England. The hotel keepers in the summer resorts there have been very successful in collecting it.—New York American.

President Wilson has vetoed the literary test, showing that he can appreciate a man who can't write a note.—Brooklyn Eagle.

The president is urging Congress to pass a rigid espionage act and we suppose some one is tagging around after Colonel House.—Grand Rapids Press.

Reports that Captain Boy-Ed is again in this country are the more remarkable considering the highly unfavorable opinion he expressed of "Yankees."—Washington Star.

Despite Jim Mann and Hammy Moore, the President evidently believes that Congress will stand by him rather than by the Kaiser.—Charleston News and Courier.

Rabbi Silverman says "Thou shalt not murder," instead of "Thou shalt

The Advocate's ADVERTISING POT

Accustom yourself to master and overcome things of difficulty; for, if you observe, the left hand, for want of practice, is insignificant and not adapted to general business; yet it holds the bridge better than the right, from constant use.—Pliny.

Dangers of Powder.
She had put powder on her face. But feared she'd not enough. So tucked some in a secret place And went out with a puff.

Do You Know Him?
Aunt Caline says:—I went into Costa Lott's this mornin' an' there was poor Costa her face all swole up with teeth ake.

Why Advertise?
The Wiseman: Who put the Ad. in Advocate?
The Fool: I don't know.
The Wiseman: Here he is. There he is. All these live fellows who want to see their business grow. Look at 'em.

Why Not?
We think that this will interest you. So read this little rhyme:
We favor having game laws to
Keep men from killing time.
—Luke McLuke.

You spoke a word in season then. Of wisdom, sir, you're full.
And why not laws, too, for the men
Who throw the poor old bull?
—Columbia State.

You're both correct, O Sages, wise. But, then, why should you skip
The funk who makes our anger rise
By shooting off his lip?
—Macon Telegraph.

And there is still another thing
The law should reach, also;
That men be kept from murdering
King's English, don't you know!

Did You Know
That, by the United States Constitution, power is given the President of the United States to veto any Act of Congress by refusing to sign the bill after its passage? If he adopts this course the bill is returned to the House in which it originated, with the President's objections to signing it. The House may then proceed to reconsider the Act and if the Act pass both branches of the House by a two-thirds majority, it becomes a law.

No Joke!
"The path down hill is slick," said Bazz.
"But I can tell you, men,
It isn't half as slippery as
The way back up again."
—Luke McLuke.

Concerning men, this may be true: But your dependent boys

No woman who really desires to be a help to her husband in these days of doubt and uncertainty will boil cabbage at \$125 per ton.—Ohio State Journal.

THE THEATRES

ALHAMBRA.

Tonight and Tomorrow.
For all of his production, George Behan, the celebrated exponent of Italian characters, selects his own cast and in "The Sweetheart," in which he will appear at the Alhambra tonight and tomorrow, he has followed this rule. His sweetheart is his own mother, whom he has brought over from sunny Italy to live with him in his tenement basement. With unerring judgment, Behan selected Sarah Kernan for this role and she presents one of the most sympathetic characters of an old Italian woman ever seen on stage or screen.

Sunday.

George Stone and Francis Carpenter, two of the most noted child actors of the Triangle juvenile forces, have important parts in the Thos. H. Ince patriotic drama, "The Patriot," in support of Wm. S. Hart.

AUDITORIUM.

"Twin Beds," the liveliest comedy of the stage and the success of three continents, will come to the Auditorium

on the program he has arranged for them Sunday.

One big feature is the return of the greatest vampire of them all, Theda Bara, the wonderful Fox screen star, who will be seen in the William Fox production of "The Vixen." Another feature in connection with this story will be the appearance of the two Lee children, who, together with their mother, go a long way in making "The Vixen" a most interesting six part feature. For his comedy friends, Willie Collier is seen in the two part Keystone comedy, "Better Late Than Never." The big feature extraordinary will be found in the singer that Mr. Penberg has engaged to sing Sunday. While in Columbus yesterday looking over his Monday show, he heard Miss Leonora Fox, prima donna singing several songs, she having a wonderful two tone voice, and he immediately got busy and through special arrangements with the manager, Mr. Chris. Taylor, he has arranged for Miss Fox to sing a specially arranged sacred program that will, according to Penberg, prove one of the greatest features seen at his house in quite some time.

Lucia Arnold, in "Darlings of Paris," at the Auditorium theater on Monday.

tonight for an evening of such hilarious comedy that peace and quiet will be put out of the question by two and a half hours of shrieking laughter. For "Twin Beds" will simply raise the roof. "Twin Beds" may well be termed the international success, for it ran not only for one solid year in New York, but has already reached its second year in London. "Twin Beds" is said to be the funniest play ever written. Mothers cry for it, while women generally are said to laugh themselves young over it; and as for the men, they will only have to see Signor Monti, the Italian tenor.

"Her Unborn Child."
If I have brought a message of hope to some one, if I have kept the feet of youth from wandering into the streets of vacillation, then I have accomplished much.
It is with these words that the author of "Her Unborn Child," a powerful play, dealing with one of the questions of the hour, birth control,

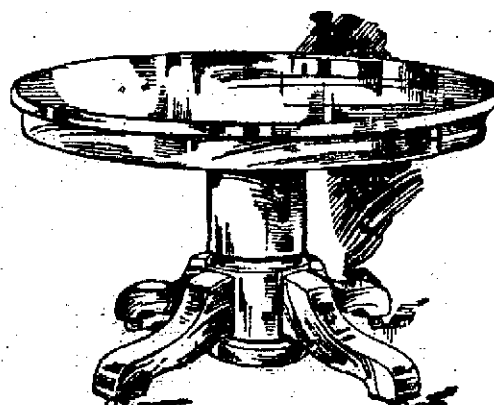

"The Darlings of Paris."
Three laughs a minute throughout the performance is what is promised amusement seekers at the Auditorium next Monday when the merry wheel makers, "The Darlings of Paris," will be presented by a company headed by such favorites as Lew Reynolds, Harry Seyon, Peggy Dennis, Searcy and Noble, Jessie Taylor, Lucia Arnold, Geo. Adams, Leonora Fox and the handsomest chorus in the show business. Attractions of big proportions is a sign of the times and there appears to be a fierce struggle for supremacy going on all the while. Few managers have given much thought towards the necessity of a plot, or at least some sort of comprehensive story as a background for the fun and music features that come in for a great share of the favors accorded and it is therefore noteworthy to record an instance like "In Gay Paree," which has earned the right of way as much for its solidity of plot purpose as is due to the liberality that

You Who Have Houses to Furnish; You Who Want Better Homes; Each & Every One of You, Who Have Furniture To Buy, Make the Most of

THIS GREAT FURNITURE CLEARANCE SALE!

From an Editorial in the Ladies' Home Journal For February

- "A properly equipped home is absolutely necessary to permanent happiness and well-being * * *
- "Today the deferred payment plan is an established and recognized economic factor * * *
- "It means the immediate possession and enjoyment of necessities which otherwise cannot be had for months to come. In these days of economic pressure and high prices, it is a very difficult matter for young people just starting out in life to find the means at the very outset with which to equip a home and, in addition to be able to maintain that home. To such the deferred payment opportunity, if not abused, is literally a Godsend * * *
- "To deny oneself life's necessities, or even some of its so-called luxuries, because of inability to accumulate in one sum several hundred dollars, is a grievous mistake. One's laudable ambition should be justified. The growth and development of a home is of prime importance to every married pair."

Estelle Broome, as the Widow, in the ever-popular big musical success, "The Prince of Pilsen," at the Auditorium, matinee and night, Thursday, Mar. 1.

introduces his play to the thronging public.
It is by these words that the serious intent of a big, modern play is shown. "Her Unborn Child" is the work of Howard McKent Barnes, a brilliant young American dramatist. The play was written after months of research work in the laboratories of the leading physicians and the material of the human story is an actual happening discovered during the tour of inspection.

"Her Unborn Child" comes to the Auditorium Saturday for a matinee and evening performance.
Because of the seriousness of motherhood and out of courtesy to the ladies, the matinee performance of "Her Unborn Child" will be reserved exclusively for the ladies. Gentlemen will be admitted to all other performances. Seats now selling.

Sunday Program.
Manager Penberg believes his Sunday patrons will take their hats off to him

is said to characterize its other novel features.
As usual the bargain matinee will be given for ladies and Manager Penberg promises a really marvellous entertainment as he took in the performance at Columbus yesterday and a capacity house launched and applauded the show from start to finish. Seats now on sale for both matinee and evening performances.

WHAT IS AN INTERNAL BATH?

If you were to ask a dozen people this question, probably not one would answer correctly, although half a million Americans are now using it with a marked improvement in health and strength.

The Internal Bath of today is no more like the old-fashioned Enema than a Vacuum Cleaner is like a whisk-broom.

Now, by means of the "J. B. L. Cascade," simple warm water cleanses the Lower Intestine the entire length, removes all the poisonous waste matter therein and keeps it clean and pure as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an Internal Bath, by means of the "J. B. L. Cascade." You will feel bright, brisk, confident and as though everything is "working" again.

It absolutely removes Constipation and prevents Auto-Intoxication.

The Hudson Ave. Pharmacy, R. L. Williams, Proprietor, 322 Hudson Ave., corner Oak St., Newark, Ohio, will explain it fully to you, and on request will give you a free book on the subject by an eminent specialist. Ask or send for this free book today, called "Why Man of Today Is Only 50 Per Cent Efficient," while you think of it.

BOWSER QUICKLY PLACED ZIEGMAN IN THE DISCARD

The Auditorium orchestra, last night, opened its program with a pretty little tune, written, in quick time. The wrestlers, who followed, caught the spirit of the tune and each bout was finished up in record time. No wrestling program at the Auditorium, since wrestling was revived, has been disposed of so quickly.

Paul Bowser quickly disposed of Henry Ziegman, Lorain railroad worker, brought here by George Tucker, as an "unknown." Ziegman managed to stay eight minutes for the first fall, but five minutes was the best he could do in the second.

Jack Samson, Wisconsin wrestler, with all that the name implies, got two decisions over local amateurs in 4-3-4 minutes of actual wrestling.

Kenneth Teuscher, kid champion of Ohio, did not extend himself to put away Bob Baughman and Norval Stack in four minutes.

Because the program proved so farcical, Bowser consented to add a ten minute entertainment with Jack Samson, who was on the stage in wrestling togs. This pleased the fans. It not only provided some extra entertainment to remove the bad taste of the previous bouts, but showed that Bowser was a real sportsman and was anxious to give his patrons some measure of satisfaction for their money. This ten-minute engagement was real entertainment. Samson is a wrestler of the Kilonis type, and the brief period was full of action.

Any one who has formed the idea that Samson is a dub and a tramp, must quickly revise his estimate. He not only is a wrestler who knows the game, but he is a clean cut individual, and a real sport. If he succeeds in getting a match with Bowser, Newark fans will see a match of the Kilonis style, with the result by no means a foregone conclusion. More than one fan who watched the exhibition between the two men last night was free to predict that Samson would be returned the winner.

In the opening number last night, Kenneth Teuscher met Bob Baughman and put him away in 30 seconds. He took three and a half minutes to dispose of Norval Stack.

Jack Samson disposed of Eppa Frenier in one minute and 15 seconds. Vance Wallace gave him a bit more trouble, staying with the western man for three minutes and 30 seconds. Samson announced his weight at 166 pounds. His opponents weighed 144 pounds each, they announced.

When Ziegman and Bowser came to the mat, the Lorain railroad worker immediately assumed the defensive, and was on the run during the thirteen minutes the men were on the mat. Bowser secured the first fall with a body scissors in eight minutes. The second fall was secured with the wrist lock in five minutes. In the exhibition between Samson and Bowser, which went ten minutes without a decision, both men were in precarious positions several times. The announced weight of the men was the same. Samson appeared to better advantage in the brief session, though it may have been because he was fresh, having had a half hour's rest after his little brush with the amateurs.

Following the exhibition, Ziegman and his trainer, in their dressing room were trying to find a reason for his poor showing. "I don't understand it," said Ziegman. "There is something wrong with me. I don't seem to be able to breathe right. I stayed with Bowser an hour in our Lorain meeting, and I am sure I can stay with him two hours. I can beat that guy."

ALASKAN DOG TEAM BREAKS RACE RECORD

(ASSOCIATED PRESS TELEGRAM)
Nome, Alaska, Feb. 23.—Fred Aver, won the annual 25-mile dog team race yesterday, thereby gaining possession of the silver trophy cup presented by John Borden, wealthy sportsman of Chicago, and \$1,000 prize money. The trail was fast and his time of 1 hour, 55 minutes and 40 seconds broke all records for the distance.

BASKET BALL STAR HURT

Cleveland, O., Feb. 23.—Captain "Sammy" Druckenbrod, leader and star forward of the Case basketball team, will be out of the game for at least three weeks as a result of a sprained wrist received in the Case-Mt. Union College game at Alliance last Friday.

YOUNG GOTCH TAKES 2 FALLS FROM OLSON

Columbus, Feb. 23.—Al Haft, wrestling as "Young" Gotch, defeated Thor Olson of Athens by winning two falls out of three in their finish match at Chamber of Commerce last night. The first fall was secured by Gotch in 41 minutes when the Columbus wrestler scrapper a toe hold on the Swedish scrapper and compelled him to concede the fall. To Olson went the second fall in 4 1-2 minutes, and was secured through the spectacular "flying mare" hold. The impact jolted the Columbus entry severely, and Olson had little trouble in pinning Haft's shoulders to the mat.

Gotch secured the third and winning fall in 9 1-2 minutes. It was taken through a half-Nelson and crotch hold. Olson was put to the mat after a very rough minute's work on the part of both wrestlers.

Shortly after Gotch secured the hold that resulted in the fall, Olson complained to Referee Scott that Gotch had a strangle with legs across neck, but the claim was denied. Olson struggled to get free, but the clever Gotch was not to be denied. With a flash of speed and strength that seldom has been seen in Columbus, he pulled and hauled Olson until he had his shoulders flush on the mat.

YACHT CLUB TARS HAVE INVITATIONS FOR SOCIAL SESSION

The twelfth Tar Social of the Buckeye Lake Yacht club will be given on Friday evening, March 2, at 7 o'clock at the Hotel Virginia at Columbus. The invitation calls for all hands on deck, and states that the ice is rotting in the lake, the south winds zephyr gently, the wild duck is passing north and the first robin is nest hunting near Hebron, all of which savors of the approach of spring and outfitting time near.

The committee, through Commodore L. C. Burnham, has promised a royal good time, with six hours of marine mirth, with a big, blooming bunch of blond burlesque beauties, a cabaret chorus of chicken chanters, and that the costmaster shall be muzzled and all speeches limited to nine seconds. A number of the club from this city will attend the festivities.

RESERVE CAUSES BIG RED TEAM NO WORRY

Granville, Feb. 23.—In a game that was tame and easy for Denison, Reserve suffered defeat by the score of 45 to 29. Excepting the first five minutes of play when Reserve was leading, the play was very slow and the first half closed with the score of 25 to 10.

In the last half Denison was never in danger, and was easily seen to be the winners of the contest. Coach Livingston sent in four subs for Denison. Wilson and Cook played the stellar game for Denison while Carlson starred for Reserve.

Denison (45.) Reserve (29.)
Cook, 11. Carlson, 11.
Wilson, 11. Excel, 11.
Meridith, 11. Marquis, 11.
Jenkins, 11. Coen, 11.
Sherburne, 11. Battenfeld, 11.
Substitutions—Denison: Richardson for Cook; Moody for Sherburne; Ashline for Richardson; Sperry for Wilson. Reserve: Liebman for Excel; Broda for Marquis.

Summary—Field goals: Wilson, 2; Cook, 2; Ashline, Meridith, 4; Jenkins, 2; Marquis, 3.

GIANTS ARE OFF TO THEIR TRAINING CAMP

New York, Feb. 23.—The division of the New York National league club players left here for the training camp at Martin Springs, Texas, this morning, in charge of Assistant Secretary Branch. In the party were Catchers McCarty, Bradley, Koehler and Sandberg, and Pitchers Smith, Way, Schaetz, Vinal, Stryker, Hort and Harshar.

MICHIGAN IN BIG NINE

Ann Arbor, Mich., Feb. 23.—Whether the University of Michigan will seek readmittance to the Western Conference may be decided this afternoon. The board of regents of the university meets late today, and will have before it the resolutions of the board of control in attending the Wolverine's return to the conference.

The blend can't be copied

That's why it is Chesterfields or nothing—if you want this new kind of enjoyment in cigarette smoking.

For Chesterfields, besides doing the usual thing of pleasing the taste, do the one thing you've always wished for in a cigarette—Chesterfields just "touch the spot," they let you know you are smoking—they "SATISFY"!

But they're mild, too!

It's a new blend of high-quality Imported and Domestic tobaccos—that's how it's done. And the blend can't be copied.

Try Chesterfields.

STETCHER COMES BACK; BEATS SANTEL EASILY

San Francisco, Feb. 23.—Joe Stetcher of Nebraska defeated Ad Santel, Pacific coast wrestling champion, here yesterday in two straight falls. The men are heavyweights. Stetcher got his second fall in 11 minutes and 54 seconds with a double wrist lock. The first fall was won in 38 minutes and 17 seconds and was obtained with a body scissors and a double wrist lock.

ZANESVILLE BEATS WEST.

Zanesville, Feb. 23.—Zanesville's High school basketball team defeated West High, Columbus, here yesterday, 21 to 18. The game was featured by roughness on both sides. Haines, Cott and Drago played star basketball for the visitors, while Reinhold and Tally shone for Zanesville.

WHAT UNCLE SAM, AT WAR, WOULD DO

He Can Immediately Become
an All Powerful Ruler.

COMMANDEERING SUPPLIES

Railroads, Steamships and All Vehicles
Would Be Taken Over at Once—Con-
scription For All Men if Volunteer
Force Is Insufficient—Suspension of
Habeas Corpus Act.

If by an overt act by any land the United States government is forced to declare war against that country Uncle Sam, acting on military needs, could and would be transformed from an easy going, indulgent, tolerant old fellow into a most powerful ruler, as powerful as any potentate on earth, as has been demonstrated on other occasions when exigencies of war demanded drastic action.

Measures Likely to Be Taken.

Here are some of the things which Uncle Sam will be pretty sure to do under the stress of war:

Resort promptly to conscription of all able-bodied men—single men first—between eighteen and forty-five years of age, with those limits extended, if necessary, for the army and navy. There will be no conscription if volunteers come forward in sufficient numbers to meet the requirements of the president's first call.

Commandeer all automobiles, auto trucks, motorcycles, horse vehicles and horses, munition and other plants, for all of which the government would pay, of course.

Commandeer all railroads and street railway lines, telegraph and telephone lines, all steamboats, ships and other craft.

All food supplies except sufficient for civilian population on a reduced rate, gasoline and all other things required for the conduct of the war.

Suspend Habeas Corpus Act.

Suspend the habeas corpus act, thus taking away the last prop of those who might extend aid or comfort to the enemy. This act was suspended during the war between the states. It came to a final test in Baltimore in May, 1861. John Merryman, a leading citizen of Baltimore county, had been arrested on the charge of treason. A petition was filed in the United States circuit court in his behalf by his counsel, praying for the issuing of habeas corpus, which was granted by Chief Justice Taney of the United States supreme court and refused by General Cadwallader of the army. Subsequently Chief Justice Taney issued an attachment for contempt of court. The question was referred to President Lincoln and was never heard of again.

This and other acts by Uncle Sam during the civil war period should convince all that the government has ample authority to take care of itself. If necessary detention camps can be established, where all enemy citizens will be compelled to reside until the war is over.

Here are some more steps the government could and undoubtedly would take to insure the safety of the country:

Stop runs on savings and other banks.

Prohibit exportation of all foodstuffs and other supplies which this government might need.

In fact, Uncle Sam would demonstrate on short notice and without formal preliminaries that under the stress of war he is "some pumpkins."

SAVE APPENDIX MOVEMENT IS ON IN SOUTH DAKOTA

No Pay For Doctors Who Remove a
Good One if Bill Passes.

No matter that the doctors say your appendix is a useless member of your anatomy, that its only modern mission inside of you is a trouble maker, the South Dakota legislature is to consider a bill for its protection.

The bill if passed will ordain that if any doctor decides that a citizen's appendix is the cause of the pains that double him up and thereupon removes the aforesaid appendix he must send the same to the state laboratory, and if then, on due investigation, it be found that the appendix is wholly innocent—that it is a hale and hearty appendix—then the victim need not pay the bill.

RUSSIANS AND GERMANS ALLIED FIGHT WOLVES

A wolf hunt in which both Russian and German soldiers joined is described in correspondence from the Polish front. Parties of Russian and German scouts met recently and were both engaged in a skirmish when a large pack of wolves dashed on the scene and attacked the wounded. Hostilities were at once suspended, and Germans and Russians instinctively attacked the pack, killing about fifty of the wolves. After the hunt the soldiers separated, each party returning unmolested to its own trenches.

WAR NOW COSTS GREAT BRITAIN \$29,000,000 A DAY

In asking the house of commons to give the government \$2,750,000,000 for expenses until next June Chancellor of the Exchequer Bonar Law stated that the war is now costing Great Britain \$28,500,000 a day, an increase of \$5,000,000 a day since the beginning of the financial year, March 31, 1916.

SAYS U BOAT CAMPAIGN IS DOOMED TO FAILURE

Best Protection Against Submarines Is Gun Mounted on Merchantman, Asserts Transatlantic Traveler.

English and American voyagers on the steamship New York, which has just arrived from Europe, are unanimous, so far as opinions could be gathered, in the conviction that Germany had already done her worst in submarine warfare and that the destruction and capture of the undersea craft by the allies was going on at a rate disastrous to the Berlin government. The weapons used most effectively against submarines, it was said, were guns mounted on merchant vessels, guns of warships convoying merchantmen and nets.

Guns mounted fore and aft on merchantmen were said by many to be all the protection against submarines needed. One American citizen who had been abroad for many months in a position that might enable him to have accurate information, but who was not free to let his name be used, expressed this belief emphatically.

"Out of seventy-eight armed merchantmen which were attacked by submarines," he said, "seventy-four succeeded in destroying or driving off the submarines and in reaching French ports untouched, two arrived disabled by torpedoes and two were sunk. On the other hand, so far as I have been able to learn, every unarmed and otherwise unprotected vessel that has been attacked by a submarine has been sunk."

Germany's assertion that she will shut off England from the world by the use of submarines would be paralleled if Lloyd George were to announce tomorrow that he intended to send an army of 500,000 men into Berlin next week. We couldn't do it, and Germany can't do what she threatens either. I am surprised that people in America take the threat so seriously."

AVIATORS LEAD CHARGE.

Fly Ahead, Pointing Out Weak Spots
In Enemy Lines.

The steamship Chicago, which has just arrived from Europe, brought in thirty-nine French soldiers on the way to their homes in Canada on furlough. Robert McCraury of East Aurora, N. Y., and Frederick Zinn of Chicago, the former a driver for the American ambulance corps and the latter an American aviator, come from the front to spend their leave with relatives. Zinn was wounded while serving in the foreign legion and spent five months in a hospital. His later activities have been in the aviation branch of the service.

"Aviators," he said, "are now leading regiments and sometimes whole divisions in charges against the Germans. A capable aviator rises high above the German lines and then signals with a system known as optical telegraphy to the commands beneath him. It is much like the fire control on battleships, where the men at the guns do not see the target, but are able to strike it. The signalling system has just been perfected. When an advance of infantry is ordered the men are not only directed, but the lines are guided away from exceptional peril and toward weak spots in the enemy line. In other words, the work of a general or colonel in directing an advance now devolves on a lieutenant occupying an observer's seat in an airplane."

World's Crop Estimates.

Official world crop production estimates for 1916, just made public by the department of agriculture, show:

Wheat (seventeen leading countries), 2,178,000,000 bushels, 25.3 per cent less than the 1915 crop; rye (eleven countries), 980,000,000 bushels, 5.2 per cent less than 1915; barley (sixteen countries), 1,628,000,000 bushels, 8.6 per cent less than 1915; oats (fourteen countries), 2,744,000,000 bushels, 14.6 per cent less than in 1915; cotton (United States, India, Japan and Egypt), 17,071,000 equivalent 500 pound bales, 7.9 per cent more than in 1915. India's 1917 wheat acreage is forecast as an increase of 8 per cent over 1916, flax 3 per cent less and cotton 19 per cent more, with cotton production indicated at 22 per cent greater than the last year.

Longest Name in Michigan.

On page 893 of Kalamazoo's new city directory, may be found the name of Polybus Theodore commandorzeotopolous, a waiter in a restaurant. It is said of Theodore commandorzeotopolous that his name of eleven syllables and twenty-eight letters is not only the longest in the directory, but also longer than that of any other resident of Michigan.

The Plain Dealer Announces a New Pictorial and Feature Section

Pursuant to its consistent policy of giving its readers the best and latest products of high-grade newspaper making, The Plain Dealer adds to the many varied features of its Sunday paper, a new section—unique of its kind in this country.

A SIXTEEN-PAGE PICTORIAL and FEATURE MAGAZINE

Sixteen Pages
High Class Features

The Best Pictures
Convenient Form

The Plain Dealer believes this to be a worthy addition to a great Sunday newspaper. This new Pictorial-Feature combines for the first time illustrations produced by the wonderful roto-gravure process, in the same section with high-class educational and informative reading matter. By a new development in the printing art, The Plain Dealer can give you for the first time illustrations of the highest type and reading matter equal to that of the best magazines. This is not a "Canned" or Syndicate Section but a feature made by The Plain Dealer in its own office for Cleveland and Ohio readers.

This new 16-page Pictorial-Feature and Magazine Section will be a permanent feature of the Sunday Cleveland Plain Dealer. You will find it another incentive to buy the Sunday Plain Dealer; once you and your family see this new product of newspaper progress you will not be without it a single Sunday.

The World In Picture and Story

Late War Pictures Big Ships of the United States Navy
Pictures Showing Methods of United States Defense
A Page of Fashion Pictures Winter Sports in the Parks
A Whole Page of Amateur Photographs

In addition to the Pictorial-Feature there are eight solid pages of special articles and features which will compare favorably with the best product of the high grade monthly magazines.

Don't Miss This New Pictorial Feature Next Sunday

This will be the first of its kind ever printed by this new process. It has cost thousands of dollars; it has taken months of unceasing labor. The Result is a combination of Art Photography and enjoyable literature that we believe will be most pleasing to you. It is a magazine of the highest class, in a convenient form.

Buy Next Sunday's CLEVELAND PLAIN DEALER

By all means order your copy at once. By waiting too long you are bound to be disappointed. Advance orders are exceedingly heavy, but there will be enough to supply all if you will order yours immediately.

RAILROADS GET READY FOR WAR

Working Hard to Clear Up
Freight Congestion.

TO AID WAR DEPARTMENT

Commission Appointed With Plenary Powers to Clear Tracks For Movement of Large Bodies of Troops in an Emergency—Border Mobilization Has Given Invaluable Experience.

The railroads of the country, in order to be completely ready to co-operate with the war department in the event of a national emergency, will exert all efforts to have the present freight congestion cleared up.

A commission appointed several days ago by the American Railway association will deal with the situation. The commission has plenary powers. The activities of this commission will be concerned solely with the congestion problem. In the case of eventualities calling for the movement by rail of large bodies of troops and military supplies it is likely the American Railway association will appoint still another commission to act under the direction of the war department.

Border Commission Acts.
This commission, it is believed, will include the members of the border transportation commission, which handled the movement of troops to the border. On that commission were Fairfax Harrison, president of the Southern railway; R. H. Ashton, president of the Chicago and Northwestern; W. G. Besler, president of the Central Railroad of New Jersey, and A. W. Thompson, vice president of the Baltimore and Ohio railroad.

The experience of the railroads in the mobilization of the national guard will prove invaluable, it is believed, in any future troop movements. The border transportation commission has issued a report dealing with the mobilization from its transportation point of view, which said:

"Reports of representatives at mobilization points developed the fact that by reason of the character of the facilities provided some delay and inconvenience were caused by the loading of troops and their supplies. There was also concern expressed by the war department as to danger of congestion at the border. While nothing of the kind occurred, it is conceivable that where larger bodies might be concentrated than was the case in this instance there might have been serious difficulty in the unloading of troops and supplies and their removal from railway premises.

Difficulties Experienced.
"Difficulty was experienced at times in ascertaining the actual equipment required for any specified movement for several reasons. Tourist cars were always desired, and it was not possible for roads on initial points to ascertain whether all or a part would be available. Coaches were held, therefore, in excess of real requirements. Correct advice could not always be obtained from the camp quartermasters. Reports showing the movement of troop trains were sent by the railroads direct to the quartermaster general. They were sometimes incomplete and in many cases delayed. We cannot find that any great hardship resulted from this, but it is conceivable that in a larger movement this would be a most important feature."

IF A RENTED HEN HATCHES, WHO OWNS THE CHICKENS?

Fowl Fails to Lay Up to Contract to Reduce Cost of Living.

Renting a hen may be a good way to keep down the high cost of eggs, but the lay of the last minstrel is no more pathetic than the last lay of the hen—when one is paying 60 cents a month for the fowl.

Anyway, that is what John Byrnes of Milltown, N. J., thinks, and he has started suit at New Brunswick against Justice of the Peace Joseph Headley for false representation.

Headley rented a hen to Byrnes for 60 cents a month. She laid two or three eggs and then stopped. At the same time she discovered a nest of twelve eggs, which she hatched.

But her maternal activities interfered with her egg laying duties, and Byrnes claims Headley knew his hen was about at the end of her productivity.

Another vexing question is, Who owns the chickens?

NEW YORK HARBOR CLOSED AT NIGHT

The port of New York at Quarantine has been closed to ships at night and no more foreign vessels are to be admitted after sundown. The channel after sundown will be kept open for the passage of boats, and outward bound vessels will be held up either at the Statue of Liberty or off the Staten Island shore.

This condition will prevail until after the dispute with Germany is definitely settled.

WOMEN EAGER TO SCRUB OR SPY

Others Want to Drive Autos For Uncle Sam.

SHOW PATRIOTIC SPIRIT

Women in New York City and in All Other Parts of the Country "Flock to the Colors" to Help in Case of Conflict.

"There will be lots of women to hold the hands of wounded soldiers in case of war, but we're ready for real work. Put us down for scrubbing floors or anything."

"These were the actual words and this was the general spirit of a line of women volunteers that crowded the registration room of the League For Women's Service in New York to give their names as candidates for any tasks the men must leave undone if war comes."

The same patriotic spirit is being shown by women all over the country. More than 150 registered personally during the first day in spite of the blustery weather. Hundreds more sent in their names. Dozens offered their automobiles for ambulance service if war comes.

A woman who said that she had served with Lord Kitchener and another who said that she knew all the German methods of spying were among those who offered their services. A full fledged woman engineer wrote down her name. Women who had come in their own motorcars offered themselves for any kind of menial service.

"I have driven my own automobile for the last six years and would be willing to do so in the service of the country," said one wealthy woman.

To Meet Tauton Methods.

"I think I might be of some service in case of war," a woman wrapped in furs suggested. "I lived in Germany for fifteen years, and I have seen a great deal of their methods of spying in the present European war. I'm English. Do you know that there are hundreds of German spies in this city?"

"You can get me at any time," another quiet little woman offered hesitatingly. "I drove an ambulance under Lord Kitchener in England and would be glad to do anything that I could here."

Another woman offered herself for packing bandages. Her husband was a doctor, she said, and she knew that he would not be willing for her to do nursing, as he wouldn't consider her competent. But she was a good bandage packer, she said.

"I am an Australian and would like to be helping England. Since I can't do that I want to help America," one declared. "I'll do anything that no one else wants to do."

No woman aviator appeared during the day at the League For Women's Service, but the American Women's Defense league said that several girls had been taught to fly last summer and would be ready to do their parts if need arose.

D. A. R. Begins Its Work.

"The greatest amount of service any group of American women have ever offered to their country," is the ideal of the 95,000 Daughters of the American Revolution, who were called to organize for possible war by their president-general, Mrs. William Cumming Story. The 1,500 chapters raised \$140,000 for the Belgians in three weeks. They will get together hospital supplies and list women for service in war.

At the various armories the guardsmen's wives, even those who had met with such difficulties while their husbands were at the Mexican border, were showing an unflinching spirit in the expectation of war.

WEEK OF PATRIOTIC SONGS.

Governor Lowden Appoints It For Illinois Public and Private Schools.

Governor Frank O. Lowden has set the week beginning Feb. 19 as a week for singing national songs in the public and private schools of Illinois. The governor issued the following proclamation:

"One of the great unifying, nationalizing influences is the singing of our national songs. Nothing so arouses and fixes a sound and patriotic sentiment as the teaching of these songs to our children and the singing of these songs by our children."

"Upon the recommendation of the superintendent of public instruction, and because I deem it especially appropriate at this time, I suggest that the week of Feb. 19-23 be set aside as a week for the singing of national songs in the public and private schools of Illinois. It is desired that a special time be set aside on each day for the singing of the following songs and hymns: 'America,' 'The Star Spangled Banner,' 'Hail Columbia,' 'Battle Hymn of the Republic,' 'Battle Cry of Freedom' and 'Illinois.'"

Peddlers Must Take Baths.

Periodical baths for street peddlers have been decreed by the La Plata (Argentina) city government. For violation of the rule the penalty is the revocation of the peddler's license. To insure that the baths are thorough it is provided that they shall be taken in a municipal establishment under the direction of a sanitary inspector.

IOWA SENATE ALSO PASSES BONE DRY BILL

(Associated Press Telegram) Des Moines, Ia., Feb. 23.—The Iowa senate yesterday passed a "bone dry" bill making the place of delivery of intoxicating liquors the place of sale. The bill, if passed by the house would in the opinion of its backers, shut off importation of liquor into Iowa for any except medicinal purposes.

BRITISH DESTROYER WAS NEAR WHEN SUBMARINE SANK JAPANESE PRINCE

(Associated Press Telegram) New York, Feb. 23.—The members of the crew of the Japanese Prince, who reached here yesterday on the Philadelphia, in describing the torpedoing of their ship without warning said that fifteen minutes previous the British destroyer Lyra had spoken to them and was still in sight when the submarine came up and launched her torpedo. The Lyra returned, rescued the crew and landed them at a British port. The sinking occurred Feb. 10, sixty miles from the coast.

Among the passengers was Frank Benjamin, of Beaumont, Texas, former member of the United States navy. He was on the British sailing ship Belford from San Francisco, August 23, with 5,000 tons of barley for Falmouth, which was sunk Feb. 2, when within 120 miles of the British coast.

Benjamin said his ship was becalmed when the submarine appeared. Before attending to the Belford, the U-boat sank the British steamer Eastern City within two miles of them, shelling the crew as they were being lowered into boats over the side and killing five. The Eastern City out of the way, the submarine visited a Norwegian bark, examined her and let her go, then came to their vessel.

"We were told to get into the life boats and half a dozen bombs with time fuses attached, were lowered into the hold," Benjamin said.

"When they went off all that was left of the Belford was some floating wreckage. We were towed for an hour then cut adrift. Five hours later we were picked up by a trawler. On the way in, the trawler picked up two life boats with fifteen men from the British steamer Matias, sunk the day previous."

REPORT ON "LEAK" PROBE.

Washington, Feb. 23.—The house rules committee voted to report that its investigation of an alleged "leak" on President Wilson's peace note had shown that no public officials were responsible for any advance information on it becoming public. No other phase of the report was voted on. The full report will not be prepared before Saturday.

MUNITIONS SHIP SAILS.

Boston, Feb. 23.—The Leyland line freighter, Etonian, with a heavy cargo of munitions and horses sailed yesterday for Liverpool. The crew included several Americans. The vessel carried a gun on her after deck.

MURAD THE TURKISH CIGARETTE

A nation of smokers is recommending Murad to their friends.

But—smoking one Murad is "what holds you."

And your first box of Murad "keeps you held."

Judge for yourself—compare Murad with any 25 Cent cigarette.

Murad—the Turkish cigarette of 17 varieties of pure Turkish tobaccos.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has the directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

25 Years Ago

(From Advocate, Feb. 23, 1892.) There will be a grand Uncle Tom's Cabin street parade Friday afternoon.

Mr. and Mrs. A. B. Clark entertained last evening at their home on Locust street with a Washington's Birthday party. Mrs. Charles E. Courtier, Miss Fannie Graves, both grandchildren of Mr. and Mrs. Clark, and Miss Ball, were neatly attired in Lady Washington costumes and received the guests.

Alonso Nutter, a foreman at the Bent Wood Works, while arranging a shaping machine, sustained a very serious injured hand yesterday.

Warren Weiant, announces to the children of Newark that about April 1, he will have another show for those who save up 50 tin tag "W's" gotten on Weiant's delicious bread.

Division Freight Agent Affleck of the B. & O., is at his desk again after an absence of several months on account of sickness.

Alec Samuelson of Streator, Ill., came here last evening to take charge of the tanks at the Star Glass Works, which were completed yesterday.

15 YEARS AGO TODAY.

(From Advocate, Feb. 23, 1902.) Mrs. A. C. Crayon and little daughter Abigail, who have been visiting relatives in Wellsville for some days, have returned home.

The Katzenjammer Kids will challenge any five bowlers in Newark any night next week at the Brunswick alleys.

Miss Maud Johnson of Cambridge returned home today, after a few days' visit with Miss Grace Gorby on Buena Vista street.

Al. Crane, Thomas Hirst, Walter Coffman, Robert Wallace, S. D. Perks and several others, all first-class brick masons of this city, left for Hanover to work on an elegant and commodious new brick building to be erected as office of the Pressed Brick company of that place.

The first car on the Columbus, Buckeye Lake and Newark Traction company's city line was run Sunday afternoon. The officials of the company were the only passengers and no ceremony attended the opening.

The World War a Year Ago Today—Feb. 23.

German sprang a heavy attack on the Verdun salient along a twenty-five mile front. Gains at some points were two miles deep.

British premier reiterated his declaration of Nov. 9, 1914, that before peace can come Belgium—and now Serbia—must recover more than they have sacrificed. France must be adequately secured against aggression, and the military domination of Prussia must be destroyed.

British secretary for the colonies stated that 730,000 square miles of German territory in Africa have been captured out of a total of 931,500.

Portuguese government seized thirty-six German merchant ships interned at Lisbon.

Two Years Ago Today.

Zeppelins dropped ten bombs on Calais, France. Remnant of Russian Tenth army reached Ossowetz. The command was isolated Feb. 13, but kept up a running fight until the 22d, when it was reduced to a handful.

"A Shine In Every Drop"

TOY DOG BRINGS \$2,000.

(ASSOCIATED PRESS TELEGRAM.) New York, Feb. 23.—Literally worth his weight in gold, Nowata Swinley Litten, a Pekingese, was sold yesterday for \$2,000, said to be a figure for a dog of this type. He was adjudged the best toy dog of any variety exhibited at the Westminster kennel club show here.

ERIE WILL BUILD SHOPS.

(ASSOCIATED PRESS TELEGRAM.) Youngstown, Feb. 23.—Erection of a big roundhouse and repair shop of a few miles west of this city at an estimated cost of \$500,000, is promised by the Erie railroad. It is expected that work will be started in the early spring. The roundhouse will have a capacity of 36 engines and about 600 mechanics will be employed in the repair shop.

REALTY VALUES INCREASE.

(ASSOCIATED PRESS TELEGRAM.) Cleveland, Feb. 23.—Cuyahoga county last year gave the state 33 per cent of the \$124,000,000 increase in the real estate, duplicate and 25 per cent of the \$206,000,000 increase in the personal property duplicate, according to County Auditor John A. Zangerle. Cuyahoga county real estate valuation increased \$42,000,000, and the personal property valuation increased \$51,000,000.

STIMULATE RURAL LIFE.

(ASSOCIATED PRESS TELEGRAM.) Columbus, Feb. 23.—Rural life in Ohio must be stimulated if the farm is to retain its young men is the opinion of Dr. Charles Snively, professor of economics at Otterbein University. Dr. Snively recently asked an audience of 150 rural residents how many of them belonged to a country literary society and had taken part in an old-fashioned spelling bee. Not a hand was raised.

IN FIVE MINUTES NO SICK STOMACH INDIGESTION, GAS

"Pape's Diapepsin" is the Quick-est and Surest Stomach Relief.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antidote is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

Judge Gary Explains Capacity of U. S. Steel Corporation In Event of War.

Elbert H. Gary, chairman of the United States Steel corporation, said in a statement recently that in event of war his company could supply the government with a third more than all similar supplies used by Germany. As to whether the tremendous capacity of the big concern could be made available for government use he said that "anything can be done in case of need."

The output of armor plate, Mr. Gary said, was 1,250 tons per month; shell forgings, 25,000 tons; wire products, 45,000 tons; plate and structural material for ships, 200,000 tons; benzol, 900,000 gallons; oil, 124,000 gallons; sulphuric acid, 12,000 tons.

WAR FASHIONS FOR MEN.

They Include Trench Coat Worn by British Officers.

Styles for men's clothing were adopted by the International Custom Cutters' association, which has just held its convention at Columbus, O., and, according to William G. Witlin of Philadelphia, chairman of the fashions committee, military cuts may be expected on account of the European war.

"Some shops already are featuring the trench coat, an exact duplicate of the coat worn by British officers on the western front," Witlin said.

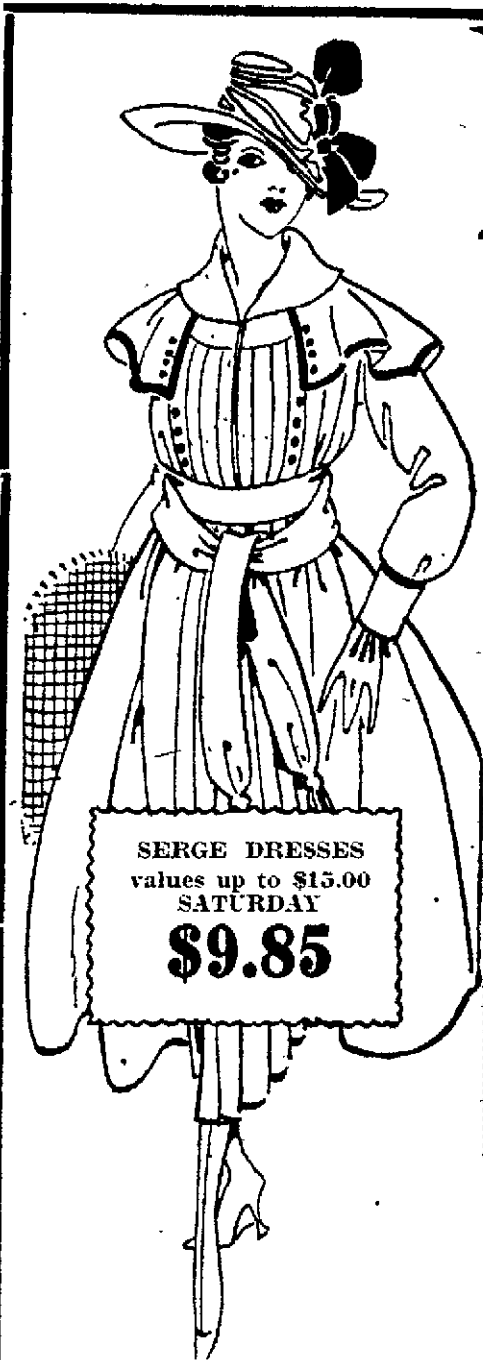

Trousers will be even narrower than they are now, and the shades for spring are brown and green. Twenty suits and eight overcoats a year are considered the requirements for a well dressed man.

Appliances invented by an Ohioan for setting broken legs permits a patient to move an injured limb slightly without displacing the fractured bone.

Extensive deposits of lignite have been discovered in Sicily, and mining of fuel of excellent quality has been begun.

BILLY SCHOEBER STILL ANXIOUS FOR MATCH

Billy Schoeber, Indianapolis middleweight, still hankers for a finish match with Paul Bowser, at the middleweight mark of 158 pounds. In a letter to a friend in Newark, he asks that pressure be brought to bear on Bowser, to get the Newark champ to agree to make the 158-pound limit, either at 3 p. m. on the day of the match or ringside.

He intimates that he has a few simoleons tucked away in an old sock, which he is willing to risk on the outcome of the event, if it is staged.

He resents an "insult" handed him upon his last appearance here, when some man, evidently a friend of Bowser's, handed Schoeber a match and told him to burn his wrestling togs. He declares he can beat Bowser at any weight.

Fiber useful in textiles and cordage has been extracted from the water hyacinth of Indo-China by a Frenchman.

NEWARK, OHIO

Hamilton People Now Find Dosing No Longer Necessary

For Croup and Cold Troubles They Just Apply Vick's VapoRub Well Over Throat and Chest, and Cover With a Warm Flannel Cloth.

The Body Warmth Releases Medicated Vapors that are Inhaled, With Each Breath, All Night Long.

A few winters ago, when Vick's VapoRub was first introduced in Hamilton, Ohio, the local druggists presented complimentary jars to a few of their customers, and requested that the preparation be given a thorough trial and the results reported. We give below extracts from a few of these reports.

Mr. Fred Garver, 538 N. 7th Street, reports:—

VICK'S "VAPORUB" SALVE

GRANDMA JOINS CHILDREN'S PLAY

She Used to Be Cross Before Tanlac Cheered Her Up.

CAN WALK UP STAIRS NOW

"My daughters and grandchildren think I'm a different woman. I am. I even get down on the floor and romp with the little ones. A short time ago I was so cross I wasn't company for anyone."

This is the tribute that Mrs. H. E. Hill, 3551 West 63rd St., Cleveland paid to Tanlac.

"There was a time when I couldn't walk up to the corner store without fear I wouldn't be able to get back

MRS. H. E. HILL.

alone," she said. "But that time has passed—thanks to Tanlac. I was run-down for years and couldn't do my housework. I had to leave most of the work to my two daughters. Last winter was the worst and I was told that unless I got better I would not have long to live."

Lived in Damp Quarters.

"Our house, too, might have made my condition worse. For it was on low ground and was a trifle damp. That made me worse. Before taking Tanlac I couldn't walk up and down the stairs. I had to sleep downstairs. I can get up without any help now."

"My back used to hurt me so bad that I couldn't stoop over. Now I can get down and mop the floors."

Was All Run Down.

"My stomach gave me no end of trouble. No matter what I ate, gas formed and I had a heavy, bloated feeling. I was nervous, and even the noise made by my two little grandchildren in their play annoyed me."

"I surely am thankful for what Tanlac has done for me. And I feel so happy over it that I have already told several friends about the results it brings."

Get Tanlac today if you are not feeling right. Delay in health matters is dangerous.

Tanlac may be obtained in Newark at Frank D. Hall's Drug Store.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Sasic had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when grandma's rheumatism bothered her—That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

"My wife has used Vick's VapoRub Salve on the children for croup and sore throat, and it relieved them right away. I have used it myself for general purposes, such as cuts, galls and sore arms and was very much satisfied with the results."

Mr. A. L. Morris, R. F. D. No. 10, writes:—

"We are very well pleased with Vick's VapoRub Salve. Have tried it for catarrh, sore throat and colds in the head with good results."

Three sizes, 25c, 50c or \$1.00.

Personal

Mrs. L. Shields and daughter, Miss Alma Shields, 18 Penny avenue, will leave tonight for Pittsburgh, Pa., where they will be the guests of Rev. and Mrs. Harry Hutchinson.

Mrs. Lon E. Smith, of Zanesville, is the guest of Mrs. P. S. Smith, of 235 North Tenth street.

Attorney J. Howard Jones returned this morning, from a two days' business trip to Chicago.

John Sellers, of Zanesville, is a visitor in the city, today.

Harry E. Cisle, of Hamilton, was a business caller in Newark, today.

Mrs. Helen Allen, of West Main street, is visiting relatives in Pittsburgh.

Miss Ruth Ditter, of North Fourth street, has gone to Columbus, today, where she will attend an O. S. University fraternity dance, this evening.

Prof. O. C. Larason, who has been ill for some time, is now able to sit up all day, and expects to be out of doors, in a week or two.

Arthur E. Willett, who was called away by the death of his mother is expected home tonight. Mr. Willett is manager of the Woolworth store.

W. H. Mazy is expected home from New York tonight.

Get a bottle of Kreamol today at Evans' Drug Store and try it. You will be more than pleased with it. 2-14mw-tf

Obituary

Miss Susan Williams. Miss Susan Williams, who was born 86 years ago in Licking county, the daughter of the late Samuel Williams, died at her home, 352 Union street about 5 o'clock yesterday afternoon, after an illness extending over a period of three months.

One sister, Mrs. Prudence Moeller of near Glenford, survives.

The deceased had been a member of the Methodist denomination for over half a century, and the funeral will be held at the Brownsville M. E. church Sunday morning at 10:00 o'clock, burial being made in Maple Grove cemetery at Gratiot.

Miss Susan Williams, aged 86 years, died at the county infirmary, Thursday, February 22, at 5 o'clock. Death resulted from erysipelas. The body was taken to Brownsville, where interment will be made.

Card of Thanks.

We desire to thank our friends and neighbors for the kindness shown us during the sickness and death of our beloved Mother, Mrs. Mary Spence. Also for the beautiful floral offerings. Reverent Father Spangler, the Altar Rosary Society, and Criss Bros. The Children. 1*

People everywhere recommend Kreamol Shampoo. 50 cents at Evans' Drug Store. 2-14mw-tf

FIRE GETS CLOTHES; FRIENDS TO RESCUE

Charlotte Ives.

Charlotte Ives, the actress, had a narrow escape recently in a Boston hotel, where fire destroyed her entire wardrobe, and it was all she could do to get away in her nightgown. On the long distance wire she begged friends in New York, Chicago and Pittsburgh to send her cast-off apparel. Within forty-eight hours she had such a heterogeneous collection of clothing that her new room in another hotel assumed the appearance of a second-hand store.

Society

The Sesamo Crochet club was entertained at the home of Mrs. Wm. Gallagher in Hudson avenue, Wednesday afternoon. It was decided to have a winter picnic at the home of Mrs. C. L. Wilcox, Thursday evening, March 1, for the members and their families. Two enjoyable games were played, Mrs. Tom Driscoll being the lucky recipient, and several piano solos were given by Mrs. Gallagher and Miss Lawrence Shaller. Post cards commemorating Washington's birthday, were given each one, and a faintly repast was served the members and two guests, Mrs. John Gallagher and Mrs. Lawrence Shaller.

A Washington Birthday dancing party was given by the Masonic dancing club, on Thursday evening, at the Masonic Temple. The ball room was prettily arranged with the national colors, and the luncheon appointments were in red, white and blue. The dancers were: Messrs. A. Werner, F. R. Gillhausen, A. H. Maiple, C. Wyant, O. C. Hagmeier, G. A. Davis, Guy Lentz, Carl Reinbold, Fred Schimmel, F. M. B. Windle, H. H. Postle, James R. Cooper, Wilford Jones, Charles Kent, Burr Miller, W. A. Sharp, J. R. McClure, W. H. Knauss, Clarence Sudbury, Ned Miller, Otis Riggs, Harry Brown, J. B. Delamater, Clint Connor, C. F. Hooyer, Herbert Harris, Harry Doane, H. C. Ashcraft.

Misses Beatrice Kelvey, Clotilde Howard, Josephine Vogle, H. Holmes, Nellie Adams, Pearl Conn, Elizabeth Stough, Olga Johnson, Lottie Linden, Jessie Singleton, Blanch Bradley, Crist, Cully, Camal, Elliott, Moore, Laila Swartz, Babcock, Helen Hillier, Alward, E. Ritter, Lois Marple, Amy Alsapach, Clayton, Gladys Farmer, Helen Bradley. Messrs. B. A. Oatman, F. M. Howard, D. G. Rizer, Roy Fuller, Fred J. Woodcock, D. C. Clider, Fred Wolverton, Clyde Farmer, Searl Watts, R. Shank, O. H. Neubarger, Louis Plaine, Harold Rutledge, R. G. Downs, David Gettings, Charles Hall, J. D. Dusterheider, Paul Geiger, W. E. Graham, Carl Meader, Ray Prior, Roe Francis, Durham Plyler, Fred Allison, B. N. Brunner, Ray Evans, and Woolson Davis.

Mr. and Mrs. Karl Reinhold will entertain at dinner, this evening, at their home in 32 West Locust street. They will have as their guests, the members of the old "Y" basketball team. Covers will be laid for ten.

The members of the Young Married People's Dinner club surprised Mr. and Mrs. Clay Van Voorhis, at their home in Church street, Thursday evening, and a delightful informal time was had. The guests were Mr. and Mrs. Malcolm Baker, Mr. and Mrs. Harry Baker, Mr. and Mrs. Clarence Heisey, Mr. and Mrs. Donald Ferguson, and Mr. and Mrs. Edward Kibler, Jr.

Mrs. Donald Sherwood Kramer, formerly Miss Lillian Hannah Beaver, of Licking county, a bride of last May, who has just arrived on the Antonio Lopez from Spain, will entertain members of her bridal party at the home of Mrs. Albert Alut, 1638 Summit street, Columbus, Sunday afternoon and evening. Mr. and Mrs. Kramer were compelled to return to the United States at an earlier date than they had anticipated, because they could not obtain permits to enter other countries. They spent ten months in England, France and Spain, and have had many thrilling experiences. Mrs. Kramer will soon join her husband in St. Louis, at which place they will be located for the coming year. Columbus Dispatch.

Thirty-five members of the Boulter Alspach Class of the First M. E. meeting and house warming, at the home of Mrs. J. B. Heatwell, in 128 Fairfield avenue, on Thursday. The hours were delightfully spent and luncheon was served by the members of the committee.

On Thursday evening the members of the U. K. club were entertained at the home of Miss Rachel McLaughlin, in West Church street. A short business session was held, following which, luncheon was served. The next meeting will be held at the home of Miss Edith Mason.

The ushers of the Central Church of Christ, arranged a box social for a Washington's birthday celebration, at the church and a large crowd attended.

A program had been arranged, several numbers being sung by a quartet composed of Messrs. A. B. Painter, Cochran, C. B. Keller and R. A. Carmen. Mrs. William Shrontz gave a reading and Rev. R.

NEURALGIA AND SCIATICA

The one symptom of neuralgia is pain and it is unmistakable. In a large percentage of cases anemia and debility are responsible for neuralgia, particularly in women. To remedy the neuralgic condition it is necessary to build up the blood and improve the general health and for this purpose there is nothing better nor more convenient than Dr. Williams' Pink Pills. Sciatica is nothing more than neuralgia of the sciatic nerve.

If you have neuralgic or sciatic pains do not go to great expense for treatment until you have tried building up the blood. If you are pale the chances are very strong that the treatment with Dr. Williams' Pink Pills are all that you will require. Hot applications and liniments may be used at the same time if you desire. They may relieve the pain and temporary relief is the best you can expect from them anyway. The pain in the nerve is caused by nerve starvation. Dr. Williams' Pink Pills give to the blood the elements that the nerves need. They contain no narcotics and are not pain killers. They remove the cause of the pain. Dr. Williams' Pink Pills are sold by your own druggist or will be sent by the Dr. Williams Medicine Co., Schenectady, N. Y. Price 50 cents.

THIS ISN'T HAWAII, IT'S PALM BEACH

Mrs. Myron Reynolds at Palm Beach.

Mrs. Myron Reynolds started Palm Beach society a few days ago by appearing in an Hawaiian bathing costume. Truly Hawaiian ways and costumes are now becoming popular at the Florida resort. The ukeleles playing Hawaiian strains for the dances chime in well with the Honolulu parades and Hawaiian bathing costumes.

A. Carmen sang "Carry Me Back to Old Virginia."

Readings were also given by Mrs. R. A. Carmen and Mrs. Charles Robinson and a playlet was presented by Misses Mina Spencer, Lillian Patterson, Mary Long and Mrs. Charles Robinson.

Short talks were made by a number of the members of the church, and during the social hour all enjoyed a box luncheon.

Miss Bertha Latimer will entertain the Thursday Afternoon Sewing club, on Saturday afternoon.

The L. W. club was entertained with a Washington party, by Miss Pearl Kendall, in Dewey avenue, on Thursday evening.

A musical contest was given, in which Miss Florence Killworth was awarded first prize, and Miss Thelma Farwell consolation souvenir. Dainty refreshments were served with Washington favors. The evening was delightfully spent in music games, etc. Those present were: Misses Bernice Brown, Florence Killworth, Helen Conway, Pearl Calbaugh, Thelma Farwell, Pearl Kendall. Mesdames A. Scanlan, Charles Dunn, Max Fisher and Miss Lola Davis and Miss Mabelle Farmer were guests.

Miss Josephine Baldwin, of Columbus, who has been the guest of Miss Dorothy Edmiston, of Hudson avenue, has returned to her home. Miss Baldwin was the honor guest at a delightful dinner party given on Wednesday evening, at the Noun Builders Country Club, with Mr. R. B. White as host. The table was centered with narcissus and spring flowers, and the favors for the women were corsage bouquets of sweet peas, while boutonnières were arranged for the men. The guests numbered twelve.

Over one hundred and fifty guests attended the big membership party at the Y. W. C. A., which was arranged as a Martha Washington party, with Mrs. J. B. Jones, president, presiding, as Martha Washington on Thursday evening.

Many of the guests came in Colonial costumes, and the whole presented an attractive scene. The program was given by Mrs. Jarley's wax works, with Mrs. Robbins Hunter acting as Miss Jarley and her assistants. John and Peter were Miss Margaret King and Miss Holman. They brought in the figures, wound them up, and put them through their "stunts." The characters were: The Giggler—Miss Nellie Ballou. Sleeping Beauty and Prince—Misses Hazel and Thomasine Kelley. Little Miss Muffet—Thora McEnagh.

Madame Butterfly—Edna Riley. Swimming Girl—Vollie Rothstein. Tenth's Girl—Aldred Robb. Gymnasium Girl—Mary Stickle. Pygmalion and Galatea—Mary Bazler and Mary Kennedy. Chinese Giant—J. K. Spratt—take off on cafeteria department of Y. W. C. A.—Mrs. Pierre and Miss McFarland.

Red Cross Nurse and wounded scout—Frances V. Pett and Olive Layman.

George Washington—Bob Hunter. Vocalist—Jenna Ellis. Librarian—Mary Ellis. Monologue on Mary Cary—Thora McEnagh.

Following the program, Colonial dances were given and refreshments were served by Mrs. W. C. Miller, Mrs. Dorothy Edmiston and Miss Ruth Seymour and Miss Jas. McInt.

A small amount of Kreamol shampoo will remove dandruff, dust and dirt from the scalp. Try it today. Evans' Drug Store. 2-14mw-tf

The Sick

Mrs. Henry A. of North Tenth street, has been very sick for the past few days, and is not expected to live the day of today.

Mrs. C. L. Farber, who has been seriously ill, much improved, but is still confined to her home.

Granville

[Special to The Advocate] Granville, Feb. 23—A perfect winter day, with bright sunshine overhead, and no ice under foot, was Nature's contribution to the Washington Birthday celebration, in Granville yesterday. A whole holiday to Denison and Sheperdson students was the faculty's contribution to the observance, and a general good time for every body was the part played by the students, who had wisely decided that the time to observe the anniversary was on the "twenty-second" and not on the Friday nearest to it, as for many years, has been the custom. The afternoon game with Reserve in Cleveland hall was an important feature of the day's program, resulting in a score of 45 to 29 in favor of Denison.

The most important social event of the entire year was the banquet in Sheperdson commons last evening with covers laid for 150 guests. At 7 o'clock a reception was held in Stone Hall parlors, and at 7:30, the company entered the dining hall, to the inspiring strains of an orchestra stationed in the annex. The decorations were distinguished by the chaste simplicity and good taste displayed in all the details, the absence of a bright color scheme affording a most effective setting for the many beautiful gowns of varied colors, worn by the young ladies, a veritable "rose-bud garden of girls." The tables were decorated with sunlax and unshaded white tapers, in crystal holders, no other light being used. In the arches, to the annex, were hung fancy baskets filled with flowers, and back of the room the wall was draped the American flag. The menu was a feast of good things served in four courses, by deft waiters, and the musical program was furnished by a four piece orchestra.

The toast list was a notable one, and the speeches far above the average of the after-dinner variety. The present crisis in the nation's affairs seemed to offer something new in the way of speeches. James McPherson of the senior class acted as toastmaster, his accent proclaiming him a native of the "heather hills of Scotland," as he spoke of Robert Burns and William Wallace as his nation's heroes.

Dr. R. S. Colwell, dean of Denison university, responded to the toast, "Denison Chimes." After a few preliminary pleasantries, he delivered an eloquent and stirring appeal for broader and nobler ideals of patriotism, which was received with prolonged applause.

D. B. Atwell, speaker for the senior class, responded in a witty and yet serious manner, to "Nineteen Seventeen Leaves."

John Martin, the Englishman, responded for the juniors to "The Chins That Flew," indulging in humorous "personalities without the use of names." The honor guests of the evening were Edward A. Deeds, Denison alumnus and trustee, and Mrs. Deeds of Dayton, "The Stump of Progress," furnished Mr. Deeds with a theme for a most interesting address, in which he referred to George Washington, as a man, pointing out the limitations under which he worked. In contrast he cited all the wonderful inventions of the present age, which are being used by the belligerents, in the greatest war in history. He appealed to the young people to get down to fundamentals, to be faithful in the every day things, and then they would be ready to rise to any emergency of life—as did the young surveyor, George Washington.

Burton Hall girls held a costume party and banquet with covers laid for sixteen, last evening. Domestic Science Hall girls also staged a pretty function, styled a Washington banquet, which afforded much enjoyment to the eight participants.

Several attractions are booked for tonight, which will divide the patronage of the Granville public. The illustrated lecture on "Egypt and the Holy Land," by Dean Vivian of the Agricultural College of O. S. U. will be given in the Granville Opera House, at 7:30 o'clock, under the auspices of the Library Extension Board.

The meeting of the "Men's League" of the Baptist church, will be held this evening in the social rooms of the church. The "commissary department," is under the direction of M. P. Ashbrook. There will be talks, music and a good time generally.

The members of the D. A. R. will banquet this evening, in the parlors of the Presbyterian church, honoring their husbands, by invitations to the annual good time.

Mr. and Mrs. Edward A. Deeds, of Dayton, were Granville visitors, yesterday.

Harry Amos, of Cambridge, who was to have addressed the Baptist Men's League, this evening, in the church, is unable to be present, on account of the illness of his wife, formerly Miss Elizabeth Davies, of Newark.

Kreamol Shampoo is made especially for washing the hair and cleaning the scalp. Get a bottle today at Evans' Drug Store. 2-14mw-tf

Back From South.
Richard "Dick" Dold of North Fourth street, and his son John, of Kalamazoo, Mich., have returned home after a three weeks' trip in Florida, the greater part of the time being spent in Jacksonville. They enjoyed their visit very much and may purchase an orange farm there in the near future. Mr. Dold met many Newarkers on the trip, and while at St. Petersburg, met Lee Fisher and Earl Wyeth, former members of the Buckeye band of this city, who were with the Eld Carnival company. Mr. John Dold has returned to his home at Kalamazoo, where he successfully conducts a large drug store.

Ill With Grip.
The many friends of Amos. B. Groves, of south of the city, will regret to learn that he has been confined to his bed for the past three weeks, with a serious attack of the grip.

Strap Hangers in Tokyo.
After one has ridden for a few weeks on Tokyo trams he realizes that more than 2,000,000 people, living within a radius of three miles of the Imperial palace, require many trams to carry them. Seats are always at a premium. Even the New York subway is not as continually crowded. The trams are fast, well handled and plentiful, but a moving stairway or sidewalk covering all the tram lines in the city would scarcely fill the bill.

There are five or six stations from which trains depart for different parts of the empire, but these stations are only joined by city trams, so that if one wants to go from Tokyo station, the terminus of the Shimonoseki line to Europe, to Ueno station, whence trains depart for Nikko, Karuizawa, Sendai and Hokkaido, he must take a ricksha, a taxicab or a street car or else circle the city for more than twenty miles in more than an hour to reach a station that is only a mile and a half away as the crow flies.—Maynard Owen Williams in Christian Herald.

The Broken Broker.
The late Judge Pennypacker of Philadelphia was an advocate of the enfranchisement of woman, but he also advocated justice in the relationship between the sexes for man.

"Woman," he said whimsically one day at the Pennsylvania Historical society, "mustn't play it both ways. She mustn't get the vote and the equal wage through man's sense of equity and then get all kinds of unfair privileges through his sense of gallantry."
"There's a lot of truth in the story of the young broker who after his failure was thrown over by a pretty girl."
"Why was the engagement broken off?" a banker asked the ruined broker.
"Well," he answered, "after I'd given her a string of pearls, an opera box and a birthday gift of a twelve cylinder limousine I went to smash, and her people accused me of amusing myself at her expense."—Baltimore Sun.

What You Can Do.
You don't know what you can do. At any rate you don't know until you're up against it and have to try. Some day you're going to bump against a whopping bit of work. It will look impossible to you. You'll want to quit. You'll say to yourself that it simply can't be done. And then if you are really worth while you'll tighten your belt and jump into it. You'll say, "I've got to do it." Then the first thing you know it will be done. And the best part of it is you'll enjoy it, and the satisfaction that comes when it is done will be worth more than hearing your uncle has left you \$10,000.—American Boy.

"The Morning After"
(By Dr. L. W. Bower.)

One of the characteristic headaches due to uric acid in the system, which acts as a poison when it accumulates, is due to alcohol taken the night before. The kidneys do not succeed in throwing off this poisonous accumulation, the stomach is nauseated, or the blood congests in the head, causing throbbing pain, called headache—the heart is oppressed, circulation of the blood poor to the extremities, the muscles feel tired, or twinges of pain here and there are felt, and when this uric acid is deposited in the tissues or joints it causes rheumatism or gout. I always advise the drinking of hot water, a half pint in the morning, and a little Anuric. Sometimes the "blues" or a sort of rash, or a pimply face, gives warning of an "uric acid storm." At such times always take Anuric (double strength), which can be obtained at almost any drug store, and which will find dissolves the uric acid almost as hot water does sugar.

Avoid too much meat, tea and alcohol. Drink an abundance of water, both hot and cold. Take Anuric three times a day until the bad symptoms all subside. This is the best way to avoid rheumatism and many of the pains and aches due to uric acid condition. If you drink any alcoholic beverage you should keep the kidneys and liver active with Anuric, so as to throw off the poisons which accumulate. If your tongue is coated—a dark brown taste, breath foul, followed sometimes by colds, indigestion, biliousness, constipation or sour acid stomach, you should take some vegetable laxative. Such a one is made in sugar-coated form from the May-apple, leaves of aloe, and root of jalap, and commonly sold by almost all druggists as Dr. Pierce's Pleasant Pellets. They are standard and have been in ready-to-use form for nearly fifty years.—Advertisement.

Have You a Dodge Miniature?

There are today a very large number of homes in America where the most treasured possession is a small old fashioned miniature, painted some time between the years 1825 and 1870, most likely, and which bears in tiny, unostentatious lettering the name of the artist, "J. Dodge." If the miniature be that of a bona fide ancestor and not that of the bought variety its possession is better than a D. A. R. pin, for in practically every instance it is all the proof necessary that the family ancestor was somebody. For the artist who painted these pictures did the most masterly work, and his patrons represented the statesmen and leaders of their time. Henry Clay, Andrew Jackson, James K. Polk, Andrew Johnson, Aaron Burr—men famous throughout the nation—sat to the painter whose art was devoted to the tiny miniature portraits on ivory.—Exchange.

Petty Spite.

The late Mrs. Inez Millholland Boissevain, the suffrage worker, had a frank nature, and nothing was more objectionable to her than spitefulness.
"There is too much petty spite," she said one day, "among women who pretend to be friends."
"Two women sat at tea in a Fifth avenue restaurant."
"There goes Mr. Smith in his new car," said one of the women. She added, with a snigger, "What a flibbing flatterer he is, to be sure!"
"Why? Did he tell you you were pretty?" said the other woman coldly.
"No," said the first woman. "He told me you were."

Doing Others.

The famous phrase in "David Harum" which reads, "Do unto the other fellow the way he would like to do unto you—and do it fast!" has had almost universal currency, and to most people its novelty was one of its attractions. But if you turn to Dickens' "Martin Chuzzlewit" you will find that young Jonas remarks in one place, "Do other men or they will do you." Not so very far apart except in time.—Hartford Courant.

At Home and Abroad.

"Solomon was the wisest man, was he not?"
"I'm not sure," replied Miss Cayenne. "Of course he was managed to get a reputation with the public, but I'd like to know what some of those wives had to say about him."—Washington Star.

The Reason.

"The cynical poet says a man's wife is a little dearer than his horse. Now, that isn't true."
"Of course, it isn't true. She is a great deal dearer. A man doesn't have to buy his horse a new outfit every half year."—Baltimore American.

French scientists believe that carrier pigeons are influenced by magnetism and that, with the spread of wireless telegraphy, much less dependence can be placed in them.

Successful Trapping.

Whenever I catch an animal that leaves a natural odor in the vicinity I am almost sure to get another in the same place. An animal will come a long distance to investigate a scent of its own kind. One should be very careful not to leave human odor of any kind when killing a trapped animal since this will frighten away another fur beater who has come to find the cause of the scent.

Few trappers stop to think how keenly sensitive is the nose of a game or fur bearing animal. Just suppose that you could smell as many things as you can see. Cover carefully every human odor on the trap line and you have half caught your animal. Then use some good scent to tickle his sensitive nose and you will win.

One of the best single drugs that can be used to allure a fur bearer is oil of anise. Oil of lavender, asafetida, rhodium and peppermint are often used together in manufactured baits. I think the most dependable scent bait that I have used is fish oil.—F. E. Brimmer in Orange Judd Farmer.

"You Always Pay."

"You always pay, you know," said a forger who was captured recently after years of liberty as a fugitive from justice.

Sure you do. Whether you violate man's law or nature's law, which is another name for God's law, you always have to pay, and the full price, too. Some pay, of this man did, in dodging and slinking through the world like a hunted beast, his mind worried, his face gradually taking on a furtive look, knowing always that somewhere ahead lay the steel jawed trap all set and ready.

Some pay with broken health, others with broken hearts; some surrender friends and love, some give all in life worth living for; some cast their conscience to be gnawed by the wolves of remorse, some not only pay their own share in full, but shift part of the burden to their children and their children's children, even to the third and fourth generation, for the debt must be paid to the last farthing.—Kansas City Star.

Pleasures Long Drawn Out.

"I understand that express trains are not very popular in Scotland. I wonder why?"
"You poor dubs! Don't you know that a Scotchman wants to enjoy himself as long as possible when he does spend money?"—Exchange.

Ennui.

The bashful youth had been presented to the vivacious debutante, and for ten minutes he sat speechless, growing redder and redder and more embarrassed. At length the girl said sweetly, "And now let us talk of something else."

His Inheritance.

Askitt—Did you, Dodge inherit anything from his father? Noitt—Yes, I believe he inherited the old man's desire to avoid work.—Exchange.

Corrected.

Poet—How can a chap get rich with \$10 capital? Reporter—You probably mean, "How can he get richer."—Puck.

Sore Throat Wisdom.

To relieve Sore Throat you must get at the seat of the disease, removing the cause. Nothing else does that so quickly, safely and surely as TONSILINE. A dose of TONSILINE taken upon the first appearance of Sore Throat may save long days of sickness. Use a little Sore Throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow. TONSILINE is 1st standard Sore Throat remedy—1st known and most effective and 1st used. Look for the long necked fellow on the bottle when you go to the drug store to get it. 25c. in 15c. WE FIT YOUR FEET Prompt and Courteous Attention

Mr. Business Man:

You insist upon keeping your store bright, clean and attractive. Why not apply the same rule to your printing? We'll be glad to give you the benefit of our experience.

Piano Players, Phonographs
Phones 4562, 1797--T. W. Leah Piano Co.--61 Hudson Ave.

The new fancy drops and tassels are very nobby for collar, sash ends and fancy bags—on display in the trimming department.

Springtime Daintiness

is reflected throughout the entire store. Each day brings something new—something to admire—something to instruct.

First in importance come the new suits. The new season's styles have a charm quite their own, and styles were never made into more becoming garments than these. After seeing only the somber winter colors for so many months, it will prove most interesting to see the handsome gay colors that are announcing the coming of spring.

Then there are the new coats, skirts, waists, beautiful stripes and plaids in silks, fancy wool skirtings, sheer Georgette crepes in all colors, handsome novelties in dress trimmings, the new wash goods in fancy designs in white, sheer fabrics for waists, or the heavier fancy skirtings, and the pretty voiles and sheer fabrics in colors.

FOR THE HOME—the new rugs, the new carpets and the draperies are all on display, and you will want to look through these soon, while the showing is complete.

If You Use An Automobile

You will have need of one or two warm robes. These warm wool robes are shown in serviceable colors, such as grey, brown and mixed in pretty plaids and small checks. Nicely finished. Prices . . . \$3.95, \$5.90 and \$7.00 each.

Special values in Bleached Muslin . . . 8c 9c 10c yard.

Bleached Linen Crashes . . . 15c, 16c 19c yard.

The W. H. Mazey Company

BOY SCOUTS TO HELP GATHER WASTE PAPER FOR BELGIAN RELIEF

The plans for collection of paper and magazines for the Belgian Child's Relief Fund are complete, and the central committee desires to issue the following instructions to the public:

All newspapers and magazines should be tied in bundles securely. Newspapers and all other rough finished paper or mixed waste should be tied separately from the glazed magazines and book stock.

Bundles should be placed in front of homes early Saturday morning, as the work of collection on the side streets will begin at eight o'clock. It will simplify the work of collection if Mrs. Smith, who lives on Mrs. Jones' right, and Mrs. Brown on her left, will bring their bundles over to Mrs. Jones' front porch and thereby enable the collectors to secure the contribution of three homes with one stop only.

A folded newspaper, displayed in a conspicuous place, is to be the sign by which the collectors will know that there is a contribution of paper awaiting them.

The collection on the side streets will be made by boys in the grades under the direction of young women, or by light machines and wagons, where the enlistment of boys is inadequate.

The collectors will bring the paper on the main route, where the larger trucks and conveyances will collect them, bringing them to the Newark Iron and Metal Company, South Fifth street.

Each authorized conveyance will be accompanied by a boy scout in uniform, and the driver thereof, will hold a card signed by Mr. Kent or Mr. Barber.

The main routes of collection, as laid out by the committee, are as follows, and any assistance that can be rendered in getting the paper on these routes will be appreciated:

No. 1, Hudson; No. 2, Fourth; No. 3, Granville; No. 4, Church; No. 5, E. Main; No. 6, W. Main; No. 7, Locust; No. 8, Maple; No. 9, Clinton; No. 10, Union.

In addition to these many routes, papers will be collected from the following side streets:

North side: Hoover, Woods, Eddy, Moul, Ruggs, Jefferson Road and North street.

East side: Benua Vista, Cedar, Clarendon, Dewey, Oakwood, Indiana and Madison.

West side: Pine, Williams and Maholm.

South side: Wilson, German, Fourth and South Second.

Boys who have volunteered to pile the papers will notice which of the above streets are closest, and pile the papers on those streets.

The Boy Scouts will meet at the Y. M. C. A. at 8:30 a. m. As many as possible are asked to wear their uniforms.

Many of the boys were out Thursday morning, briskly gathering up their piles of papers. More than one hundred have volunteered to help. In case of wet weather, the collection will have to be postponed a week.

BASKETBALL GAME BY STARS OF YESTER-YEAR AROUSES FANS' INTEREST

Tonight at 7:30 o'clock a bunch of old-time basketball players will meet another bunch of last-minute court artists, at the high school gymnasium, Fourth and Church streets. None of these old-timers is a candidate for the home for the aged, though it has been several years since they appeared before a Newark crowd in basketball togs. The first game will be between the old Y. M. C. A. players and the new. The second will be a contest between the present high school quintet and the alumni team.

Origin of "Fusilier."
Fusilier was originally the name of a soldier armed with a light flintlock musket called the fusil. At the time of the English civil war (1642-52) the term "fusil" was usually employed to distinguish these weapons from the more common matchlock muskets. Out of these companies of "fusiliers" grew the "fusiliers." In the latter part of the Thirty Year war (1643) fusiliers were simply mounted troops with the fusil, as carbines were with the carbine. The senior fusilier regiment in the British service, the Seventh Royal fusiliers, City of London regiment, was formed on the French model in 1688.

Abe Martin

A wife never runs away when you want her to. The most wonderful thing about the automobile business is that you never hear one dealer knock another's car.

FIVE OF SEVEN BROTHERS BECOME ENGINEERS; THREE KILLED IN WRECKS

The picture shown above of the seven Floyd brothers, five of whom became Baltimore and Ohio locomotive engineers, was taken about 24 years ago, but their features will be remembered especially by the older railroad men in Newark. Three of these brothers have been killed on their engines, Edward in 1898, James in 1908, and William last Monday. John and Joseph still run engines out of Newark, while George and Thomas are engaged in other lines of business.

Standing, from left to right, John, Joseph and George Floyd. Sitting, from left to right, William, James, Edward and Thomas Floyd.

CHERRY VALLEY FOLKS DEDICATE NEW SCHOOL; FINE FLAG IS PRESENTED

With appropriate exercises in the school building, Cherry Valley residents, last night, dedicated the new school building, which has recently been completed. The event was made the occasion for a patriotic demonstration, and the speakers dwelt upon the close relationship between the schools and the love of the country.

The first hour was devoted to inspection of the building by the visitors. At 8 o'clock the meeting was called to order, and a program carried out.

Fred C. Evans presented the school to the county school board. It was accepted on behalf of the board by President Koontz.

Rev. P. O. Orr, on behalf of the Junior O. U. A. M., presented a fine American flag to the school, his remarks being of a patriotic nature. He closed with a fervent prayer, asking God's guiding hand to rest upon President Wilson in the present crisis.

Supt. Byron Zwayer responded, accepting the gift. Rev. George Bohon Schmitt was the last speaker of the evening, his remarks also being of a patriotic nature. George Hall presided at the meeting.

Gossip From State House

Columbus, Feb. 23.—The emergency tax bill, reported out by the special joint committee on taxation, will be the biggest measure before the general assembly next week. It comes up for a vote in the senate next Tuesday afternoon at 2 o'clock, and is expected to pass as an emergency measure. It will be promptly messaged to the house for action.

The tax bill is said to be satisfactory to both Republicans and Democrats. It includes a number of suggestions made by Peter W. Darr, Republican, a leader, and county auditor of Hamilton county, and also contains some suggestions made by State Auditor Donahay.

New plans for relief of cities, and

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded. When you stop "drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over.

Frank D. Hill, North Side Square.

other debt-burdened taxing districts, are expected to make their appearance in the general assembly next week. One plan being considered, is a bill to give municipalities power to enact ordinances imposing an income tax for purely local operating expenses.

The new general tax bill, it is pointed out, will afford some relief, but not this year. It will enable taxing districts to increase their duplicates. If real estate in the district is not already on for what it should be, the auditor under this bill may make a new appraisal this next spring.

Cities having municipal light plants are expected to oppose a bill by Rep. Israel of Montgomery county, which was reported favorably for passage this week. It places all municipally owned utilities, except water works plants, under control of the state public utilities commission, the same as privately-owned lighting companies.

Two years ago the general assembly of Ohio passed the Platt-Elis law, which brought all druggists and limited practitioners under the control of the State Medical Board. There is now pending in the assembly a half dozen bills, introduced by request of these practitioners, seeking to be removed from the control of the state medical board. Advocates of the bills argue that, since the medical profession is opposed to their principles, the M. D.'s should not have their right to examine them as to their qualifications.

Building and loan association representatives have shifted their fight from the Parrett bill to the bill introduced by Representative Wildermuth of Shelby county, which was reported favorably for passage this week by the house taxation committee. If the Wildermuth bill passes, and becomes a law, it would result in the taxing of paid-up stock, surplus and undivided profits of building and loan associations, which have heretofore been non-taxable. It is claimed for the bill that it would produce between \$2,000,000 and \$3,000,000 in the state.

Rep. Hoy of Jackson county, will renew the fight in the house next week for the passage of his bill requiring the use of Ohio mined coal in state institutions.

A bill by Senator Benedict of Toledo, providing more rigid regulations for private employment agencies, is expected to reach the house for action this week. It not only requires agencies employing common labor and mechanics to pay the state an annual fee of \$100, but includes teachers and nurses directories.

Even Hoboken has gone pro-American.—Richmond Virginian.

The First Glimpses of Spring

Are Revealed In These Pretty Coats, Suits, Dresses and Skirts

Once again the curtain is rung up for the presentation of spring attire and many charming garments are shown for the vernal season. Of course, this is merely an advance showing, yet it is quite complete, and offers a splendid selection to the woman who wishes to choose her garment early. May we show them to you, tomorrow?

A Manufacturer's Sample Line of Modish Suits

A rare opportunity, indeed, for the woman who desires a suit that is absolutely exclusive. One of New York's leading manufacturers sent us his sample line of thirty-five suits, no two alike. The styles are beautiful and embrace all that is essential to the new Spring modes.

The sizes are 16, 18, 20, 22 and 24. All the new shades are represented, including: Gold, Mustard, Magenta, Apple Green, Pea Green, Bergandy, Navy, Copen and Black.

These samples were sold to us at 33 1-3 less than the regular price, and we have marked them accordingly. The values are remarkable, priced at—

\$10.95 to \$26.95

Separate Skirts

Were Never So Beautiful. Many new innovations emphasize the beauty and practicality of these handsome models. They are fashioned from Wool Poplin, Fine Serge, Sport Tussah, Clifton Taffeta, Fancy Striped Taffeta, Silk Faille, Checks, Plaids, etc. Include pockets, slashed belts, plaits and more plaits combine to make them the prettiest skirts we have ever shown. Many styles at

\$5.95, \$6.75, \$7.50

Many Pretty Dresses

Fashioned from Wool Crepe, French Serge, Silk Faille, Clifton Tussah and Georgette. The new straight line silhouette is carefully adhered to and, in many models, plaits are freely used. High shades are particularly in evidence.

Master Designers Have Fashioned This Remarkable Collection of Coats

Coats, so essential to every woman's wardrobe, are here in a profusion of exclusive and handsome styles. Wool Velour, Faille Twill, Gabardine, Poplin, Serge and the new sport materials are the favored fabrics, in shades of Rose, Gold, Magenta, Apple Green, Pea Green, Mustard, Navy, Copen and Black. Great pockets, double belts and fancy collars play an important part in the designing, and buttons of gorgeous hues are most lavishly used. But come and see all of these things for yourself—there's no obligation to buy.
